Purifying Empire Deana Heath, 2010-06-03 Purifying Empire explores the material cultural and moral fragmentation of the boundaries of imperial and colonial rule in the British Empire in the late nineteenth and early twentieth centuries It charts how a particular bio political project namely the drive to regulate the obscene in late nineteenth century Britain was transformed from a national into a global and imperial venture and then re localized in two different colonial contexts India and Australia to serve decidedly different ends While a considerable body of work has demonstrated both the role of empire in shaping moral regulatory projects in Britain and their adaptation transformation and at times rejection in colonial contexts this book illustrates that it is in fact only through a comparative and transnational framework that it is possible to elucidate both the temporalist nature of colonialism and the political racial and moral contradictions that sustained imperial and colonial regimes

Indian Secularism

Shabnum Tejani,2021-01-05 Many of the central issues in modern Indian politics have long been understood in terms of an opposition between ideologies of secularism and communalism Observers have argued that recent Hindu nationalism is the symptom of a crisis of Indian secularism and have blamed this on a resurgence of religion or communalism Shabnum Tejani unpacks prevailing assumptions about the meaning of secularism in contemporary politics focusing on India but with many points of comparison elsewhere in the world She questions the simple dichotomy between secularism and communalism that has been used in scholarly study and political discourse Tracing the social political and intellectual genealogies of the concepts of secularism and communalism from the late nineteenth century until the ratification of the Indian constitution in 1950 she shows how secularism came to be bound up with ideas about nationalism and national identity **Historical**
