Alexander, 1990 Alexander assembles material from Scripture and tradition through religious law and ethical literature to a section on Society and the Jews and prefaces the whole with an admirable introduction Jonathan Sacks Jewish Chronicle The texts which are drawn from over two thousand years of history are usefully divided annotated and glossed They enable students to explore the tradition in a new way and give a marvellous insight into the richness and liveliness of the Jewish religion and culture we are given wit and pathos in addition to popular story and religious law Janet Trotter Resource

Introduction to the New Testament Helmut Koester, 1995 History, Culture, and Religion of the Hellenistic Age Helmut Koester, 2012-10-25 While the first American edition of this book published more than a decade ago was a revised translation of the German book Einführung in das Neue Testament this second edition of the first volume of the Introduction to the New Testament is no longer dependent upon a previously published German work The author hopes that for the student of the New Testament it is a useful introduction into the many complex aspects of the political cultural and religious developments that characterized the world in which early Christianity arose and by which the New Testament and other early Christian writings were shaped

The Jews in Rome, Volume 1 (1536-1551) Kenneth Stow, 2022-07-04 This volume recreates through a register and apt citation the first thousand acts of an archive known informally as the Notai ebrei a collection of as many as 10 000 such acts drawn by Roman rabbis between 1536 and 1640 The acts in this volume cover the twenty years prior to the establishment of the Roman ghetto by Paul IV in 1555 A lengthy introduction reveals these acts as a mirror of Jewish social and cultural life including such matters as litigations broken engagements adoption synagogal disputes as well as rentals contracts and apprenticeships Most noteworthy is the ownership of property by women This encouraged and reflected the treatment of both men and women as individuals Indeed individualism which also promoted the amalgamation and ethnic levelling of a society that after about 1500 was notably one of immigrants was this society's most salient characteristic

The Transmission and Dynamics of the Textual Sources of Islam Nicolet Boekhoff-van der Voort, Kees Versteegh, Joas Wagemakers, 2011-09-05 For many Muslims the textual sources of Islam provide the guiding principles on which they base their beliefs These texts have also been studied by Western scholars of Islam for centuries Most of their work has focussed on the historicity of the texts often at the expense of the study of Muslims highly diverse interpretation and application of these sources in everyday life This volume provides new insights into the transmission of these sources primarily the Qur'an and the Hadith and combines this with the dynamics of these scriptures by paying close attention to how believers in the Muslim world as well as the West interpret and apply them As such this volume provides a fascinating overview of how the sources of Islam are dated debated and negotiated Contributors include Nicolet Boekhoff van der Voort Gregor Schoeler Maribel Fierro Fred Leemhuis Claude Gilliot Andreas G. Gregory of Nyssa's Tabernacle Imagery in Its Jewish and Christian Contexts Ann Conway-Jones,2014-09-25 Integrating patristics and early Jewish mysticism this book examines Gregory of Nyssa s tabernacle imagery as found in Life of Moses 2 170 201 Previous scholarship has often focused on Gregory s interpretation of the darkness on Mount Sinai as divine incomprehensibility However true to Exodus Gregory continues with Moses s vision of the tabernacle not made with hands received within that darkness This innovative methodology of heuristic comparison doesn t strive to prove influence but to use heavenly ascent texts as a foil in order to shed new light on Gregory s imagery Ann Conway Jones presents a well rounded nuanced understanding of Gregory s exegesis in which mysticism theology and politics are intertwined Heavenly ascent texts use descriptions of religious experience to claim authoritative knowledge For Gregory the high point of Moses s ascent into the darkness of Mount Sinai is the mystery of Christian doctrine The heavenly tabernacle is a type of the heavenly Christ This mystery is beyond intellectual comprehension it can only be grasped by faith and only the select few destined for positions of responsibility should even attempt to do so **The Jews in Rome, Volume 2 (1551-1557)** Kenneth Stow,2022-07-04 This volume the sequel to Jews in Rome 1 recreates through a register and apt citation the second thousand acts of an archive known informally as the Notai ebrei a collection of as many as 10 000 such acts drawn by Roman rabbis between 1536 and 1640 The acts in this volume cover the years 1551 1557 They form a mirror of Jewish social and cultural life including such matters as litigations broken engagements adoption synagogal disputes as well as rentals contracts and apprenticeships Most noteworthy is the ownership of property by women This encouraged and reflected the treatment of both men and women as individuals Indeed individualism which also promoted the amalgamation and ethnic levelling of a society that after about 1500 was notably one of immigrants was this society s most salient characteristic *Introduction to the New Testament: History, culture, and religion of the Hellenistic age* Helmut Koester,1995 While the first American edition of this book published more than a decade ago was a revised translation of the German book *Einführung in das Neue Testament* this second edition of the first volume of the Introduction to the New Testament is no longer dependent upon a previously published German work The author hopes that for the student of the New Testament it is a useful introduction into
