

Thai Classical Singing

Arne Kislenko

Thai Classical Singing:

Thai Classical Singing Dusadee Swangviboonpong, 2017-07-05 Thai classical singing is a genre that blossomed during the golden age of music in the royal court at Bangkok during the nineteenth century. It took a variety of forms including unaccompanied songs used for narration in plays, instrumental music that was used to accompany mimed actions, and songs of entertainment accompanied by an instrumental ensemble. Today Thai classical singing is found widely outside the court and its influence is evident in many traditional songs. This book is the first in English to provide a detailed study of Thai classical singing. Dusadee Swangviboonpong discusses the historical background to this long established genre, the vocal techniques that it employs, the contexts in which it is performed, the degree of improvisation that performers use, the setting of texts, and the methods used to teach the songs. Teaching methods still tend to focus on oral transmission, although there have been recent attempts by the Thai authorities to standardize the way singing is taught and practised. These controls are argued by the author to be a threat to the variety in style and approach that has characterised this music and kept it alive. The book features transcriptions of Thai classical songs and a glossary of Thai terms, so making it a useful introduction to the genre.

Thai Classical Singing Dusadee Swangviboonpong, 2017-07-05 Thai classical singing is a genre that blossomed during the golden age of music in the royal court at Bangkok during the nineteenth century. Interrogating Popular Music and the City Shane Homan, Catherine Strong, Seamus O'Hanlon, John Tebbutt, 2024-06-03 How does popular music influence the culture and reputation of a city and what does a city do to popular music? *Interrogating Popular Music and the City* examines the ways in which urban environments and music cultures intersect in various locales around the globe. Music and cities have been partners in an often clumsy, sometimes accidental, but always exciting dance. Heritage and immigration, noise and art, policy and politics are some of the topics that are addressed in this critical examination of relationships between cities and music. The book draws upon an international array of researchers encompassing hip hop in Beijing, the city favelas of Brazil, from Melbourne bars to European parliaments to

heritage and tourism debates in Salzburg and Manchester In doing so it interrogates the different agendas of audiences musicians and policy makers in distinct urban settings

The Garland Handbook of Southeast Asian Music Terry Miller, Sean Williams, 2011-03-17 The Garland Handbook of Southeast Asian Music is comprised of essays from The Garland Encyclopedia of World Music Volume 4 Southeast Asia 1998 Largely revised and updated the essays offer detailed regional studies of the different musical cultures of Southeast Asia and examine the ways in which music helps to define the identity of this particular area Part one provides an in depth introduction to the area of Southeast Asia and explores a series of issues and processes such as colonialism mass media spirituality and war The articles in this section are important in gaining historical political and social perspective Part two focuses on mainland Southeast Asia with essays representing Cambodia Thailand Laos Burma Peninsular Malaysia Vietnam Singapore and the minority peoples of mainland Southeast Asia Part three focuses on island Southeast Asia dividing the area into three sections Indonesia the Philippines and Borneo In addition to offering a detailed study of the music of each area it also offers recent perspectives on the gamelan and theater traditions of Indonesia Questions for Critical Thinking at the end of each major section guide and focus attention on what issues musical and cultural arise when one studies the music of Southeast Asia issues that might not occur in the study of other musics of the world An accompanying compact disc offers musical examples from Southeast Asia

The Garland Handbook of Southeast Asian Music , The Garland Encyclopedia of World Music Terry E. Miller, Sean Williams, 2017-09-25 The first complete music reference for the region this volume covers all the nations of modern Southeast Asia Burma Cambodia Laos Thailand Vietnam Singapore Malaysia Indonesia and the Philippines in thirty five articles written by twenty seven expert contributors

World Music: Latin and North America, Caribbean, India, Asia and Pacific Simon Broughton, Mark Ellingham, Richard Trillo, 2000 The Rough Guide to World Music was published for the first time in 1994 and became the definitive reference Six years on the subject has become too big for one book hence this new two volume edition World Music 2 Latin and North America Caribbean India Asia and Pacific has full coverage of everything from salsa and merengue to qawwali and gamelan and biographies of artists from Juan Luis Guerra to The Klezmatics to Nusrat Fateh Ali Khan Features include more than 80 articles from expert contributors focusing on the popular and roots music to be seen and heard both live and on disc and extensive discographies for each country with biography notes on nearly 2000 musicians and reviews of their best available CDs It includes photos and album cover illustrations which have been gathered from contemporary and archive sources many of them unique to this book and directories of World Music labels specialist stores around the world and on the internet

The SAGE International Encyclopedia of Music and Culture Janet Sturman, 2019-02-26 The SAGE Encyclopedia of Music and Culture presents key concepts in the study of music in its cultural context and provides an introduction to the discipline of ethnomusicology its methods concerns and its contributions to knowledge and understanding of the world's musical cultures styles and practices The diverse voices of contributors to this encyclopedia confirm

ethnomusicology's fundamental ethos of inclusion and respect for diversity. Combined, the multiplicity of topics and approaches are presented in an easy-to-search A-Z format and offer a fresh perspective on the field and the subject of music in culture. Key features include approximately 730 signed articles authored by prominent scholars, arranged A to Z and published in a choice of print or electronic editions. Pedagogical elements include Further Readings and Cross References to conclude each article and a Reader's Guide in the front matter organizing entries by broad topical or thematic areas. Back matter includes an annotated Resource Guide to further research, journals, books, and associations; an appendix listing notable archives, libraries, and museums; and a detailed Index. The Index, Reader's Guide, themes, and Cross References combine for thorough search and browse capabilities in the electronic edition.

The Other Classical Musics Michael Church, 2015

The Other Classical Musics offers challenging new perspectives on classical music by presenting the history of fifteen parallel traditions. Winner of the Royal Philharmonic Society Music Award for Creative Communication 2015, there is a treasure trove of underappreciated music out there; this book will convince many to explore it. *The Economist*: What is classical music? This book answers the question in a manner never before attempted by presenting the history of fifteen parallel traditions of which Western classical music is just one. Each music is analysed in terms of its modes, scales, and theory; its instruments, forms, and aesthetic goals; its historical development, golden age, and condition today; and the conventions governing its performance. The writers are leading ethnomusicologists, and their approach is based on the belief that music is best understood in the context of the culture which gave rise to it. By including Mande and Uzbek, Tajik music, plus North American jazz, in addition to the better-known styles of the Middle East, the Indian subcontinent, the Far East, and South East Asia, this book offers challenging new perspectives on the word 'classical'. It shows the extent to which most classical traditions are underpinned by improvisation and reveals the cognate origins of seemingly unrelated musics; it reflects the multifarious ways in which colonialism, migration, and new technology have affected musical development and continue to do today. With specialist language kept to a minimum, it's designed to help both students and general readers to appreciate musical traditions which may be unfamiliar to them and to encounter the reality which lies behind that lazy adjective 'exotic'.

MICHAEL CHURCH has spent much of his career in newspapers as a literary and arts editor. Since 2010, he has been the music and opera critic of *The Independent*. From 1992 to 2005, he reported on traditional musics all over the world for the BBC World Service. In 2004, Topic Records released a CD of his Kazakh field recordings, and in 2007, two further CDs of his recordings in Georgia and Chechnya.

Contributors: Michael Church, Scott DeVeaux, Ivan Hewett, David W. Hughes, Jonathan Katz, Roderic Knight, Frank Kouwenhoven, Robert Labaree, Scott Marcus, Terry E. Miller, Dwight F. Reynolds, Neil Sorrell, Will Sumits, Richard Widdess, Ameneh Youssefzadeh.

Culture and Customs of Thailand Arne Kislén, 2004-05-30

Thailand is rapidly industrializing, dramatically improving the living standards of its people, and gradually developing a more democratic society. Despite such profound changes, traditional Thai culture has not only survived but has also, in many respects, prospered.

Although famous for its food and despite its increasing popularity as a tourist destination Thailand remains relatively unknown to most Westerners Culture and Customs of Thailand presents the traditional culture and customs against the backdrop of modern times Thailand has always been an important Southeast Asian country With a long reigning monarchy it is the only country in the region that has never been colonized by a Western power or suffered bloody revolutions and wars It was the first Asian country to establish diplomatic relations with the United States and has remained a constant ally Thailand has emerged as a considerable economic force as the world s largest rice and rubber producer and remains a regional political power Against this historical framework Kislenko deftly introduces the traditional and modern strands of the dominant Buddhist faith and other religions such as animism Coverage includes literature the arts architecture including the Thai Wat food and dress gender and marriage festivals and fun and social customs Kislenko also balances the portrait with discussions of threats from globalization AIDS and sex tourism the drug trade and corruption in business and government Evocative photos a country map a timeline and a chronology complete the coverage This reference is the best source for students and general readers to gain substantial sweeping insight into the Thais and their land of smiles
