Thai Village Economy In The Past:

The Thai Village Economy in the Past Chatthip Nartsupha, 1999 The Thai Village Economy in the Past is one of the classics of modern Thai history Few books have provoked so much interest or controversy Though the theme of the book is deceptively simple that the Thai rural economy was a subsistence economy and remained so much longer than is commonly thought the message of the book has proved far from simple Chatthip has written the history of the village from the viewpoint of the village making it one of the key texts of the community culture movement and rural revival Much of the book's appeal stems from its straightforward style and startling ideas The village existed before capitalism and before the state It has its own culture which owes little to urban influence It took the Buddhism that came from outside and subordinated it to local beliefs Constantly in print since its first publication in 1984 it is now available in English for the first time Chatthip Nartsupha is professor of economic history at Chulalongkorn University Bangkok

A History of Thailand Chris Baker, Pasuk Phongpaichit, 2022-08-25 Since it was first published in 2005 A History of Thailand has been hailed as an authoritative lively and readable account of Thailand's political economic social and cultural history From the early settlements in the Chao Phraya basin to today Baker and Phongpaichit trace how a world of mandarin nobles and unfree peasants was transformed by colonialism the expansion of the rice frontier and the immigration of traders and labourers from southern China This book examines how the monarchy managed the foundation of a new nation state at the end of the nineteenth century and how urban nationalists ambitious generals communist rebels and business politicians competed to take control through the twentieth century It tracks Thailand's economic changes globalisation and the evolution of mass society and draws on popular culture to dramatize social trends This edition contains a new chapter on Thailand's turbulent politics since 2006 and incorporates new sources and research throughout

The Oxford Handbook of Agricultural History Jeannie M. Whayne, 2024 Agricultural history has enjoyed a rebirth in recent years in part because the agricultural enterprise promotes economic and cultural connections in an era that has become ever more globally focused but also because of agriculture's potential to lead to conflicts over precious resources The Oxford Handbook of Agricultural History reflects this rebirth and examines the wide reaching implications of agricultural issues featuring essays that touch on the green revolution the development of the Atlantic slave plantation the agricultural impact of the American Civil War the rise of scientific and corporate agriculture and modern exploitation of agricultural labor

A History of Natural Resources in Asia G. Bankoff, P. Boomgaard, 2007-08-20 Much has been written about the wealth of nations the history of unequal distribution and zones of affluence and deprivation within and between societies This book explores why some Asian nations are more prosperous than others through an examination of how their interaction with and utilization of resources has changed over the centuries

A History of Thailand Christopher John Baker, Pasuk Phongpaichit, 2014-05-30 A History of Thailand offers a lively and accessible account of Thailand's political economic social and cultural history This book explores

how a world of mandarin nobles and unfree peasants was transformed and examines how the monarchy managed the foundation of a new nation state at the turn of the twentieth century The authors capture the clashes between various groups in their attempts to take control of the nation state in the twentieth century They track Thailand's economic changes through an economic boom globalisation and the evolution of mass society This edition sheds light on Thailand's recent political social and economic developments covering the coup of 2006 the violent street politics of May 2010 and the landmark election of 2011 and its aftermath It shows how in Thailand today the monarchy the military business and new mass movements are players in a complex conflict over the nature and future of the country's democracy

Democracy and National Identity in Thailand Michael Kelly Connors, 2007 This revised and updated edition of the widely praised *Democracy and National Identity in Thailand* provides readers with a fascinating discussion of how debates about democracy and national identity in Thailand have evolved from the period of counter insurgency in the 1960s to the current period Focusing on state and civil society centered democratic projects Connors uses original Thai language sources to trace how the Thai state developed a democratic ideology that meshed with idealized notions of Thai identity focusing on the monarchy The book moves on to explore how non state actors have mobilized notions of democracy and national identity in their battle against authoritarian rule It also invites readers to explore democratic ideology as a form of power aimed at creating ideal citizens able to support elite national projects

Routledge Handbook of Contemporary Thailand Pavin Chachavalpongpun, 2019-10-17 The *Routledge Handbook of Contemporary Thailand* is a timely survey and assessment of the state of contemporary Thailand While Thailand has changed much in the past decades this handbook proposes that many of its problems have remained intact or even persistent particularly problems related to domestic politics It underlines emerging issues at this critical juncture in the kingdom and focuses on the history politics economy society culture religion and international relations of the country A multidisciplinary approach with chapters written by experts on Thailand this handbook is divided into the following sections History Political and economic landscape Social development International relations Designed for academics students libraries policymakers and general readers in the field of Asian studies political science economics and sociology this invaluable reference work provides an up to date account of Thailand and initiates new discussion for future research activities

Fieldwork and the Self Jérémy Jammes, Victor T. King, 2021-11-09 This book presents new perspectives on Southeast Asia using cases from a range of ethnic groups cultures and histories written by scholars from different ethnicities generations disciplines and scientific traditions It examines various research trajectories engaging with epistemological debates on the global and local on insiders and outsiders and the role played by personal experiences in the collection and analysis of empirical data The volume provides subjects for debate rarely addressed in formal approaches to data gathering and analysis Rather than grappling with the usual methodological building blocks of research training it focuses on neglected issues in the research experience including chance error coincidence mishap dead ends silence secrets improvisation

remembering digital challenges and shifting tracks Fieldwork and the Self is relevant to academics and researchers from universities and international organisations who are engaged in teaching and learning in area studies and social science research methods A rich and compelling set of writings about fieldwork in and beyond Southeast Asia Lyn Parker Emeritus Professor University of Western Australia A must read for all especially emerging scholars on Southeast Asia and a refreshing read for critical old hands on the region Abdul Rahman Embong Emeritus Professor Institute of Malaysian and International Studies IKMAS Universiti Kebangsaan Malaysia An impressive collection of essays by two academics who have devoted their academic life to anthropological fieldwork in Southeast Asia Shamsul A B Distinguished Professor and UNESCO Chair Universiti Kebangsaan Malaysia The contributors share an unquenchable and passionate curiosity for Southeast Asia They have survived the uncertainties and disillusionment of their fieldwork and remained first grade scholars Marie Sybille de Vienne Professor National Institute for Oriental Languages and Civilisations Paris A penetrating reflection on current social science research on Southeast Asia Hans Dieter Evers Professor Emeritus and Senior Fellow University of Bonn

Regional Economic History of Thailand Porphant Ouyyanont, 2018-02-14 This book presents an economic history of Bangkok the Central Region the North the South and Northeastern Regions from the signing of the Bowring Treaty in 1855 to the present Most research has focused on Bangkok as the centre of change affecting other regions and has neglected other regions that had an influence on Bangkok This book however looks at the changes not only in Bangkok but also in the other regions and emphasizes the ways in which Bangkok had an impact on the other regions and how changes in the other regions affected Bangkok It also looks in turn at each of the principal regions and concentrate on the long term economic and social changes and the various forces which promoted the changes Migration, Agrarian Transition, and Rural Change in Southeast Asia Philip F. Kelly, 2013-10-18 Rural life in Southeast Asia is being transformed by new and intensifying processes of migration and mobility Migration out of rural areas creates new forms of class mobility familial relations production processes and income Migration into rural areas creates a new and sometimes marginalized workforce contestation over resource access and the juxtaposition of culturally different groups At the same time everyday mobility stretches the spatial boundaries of village and family life The bounded space of the village is no longer adequate to understand the dynamics that are driving and resulting from rural social change This collection of original studies explores the cultural economic and environmental dimensions of intensifying migration and mobility in rural Southeast Asia at multiple scales Diverse processes are explored including rural urban flows rural rural movement everyday mobilities and international migrations into regional and global labour markets Drawing on fieldwork in six countries across the region these essays also explore what migration means for our understanding of class citizenship gender and the state in a rapidly changing part of the world This book was based on two parts of a special issue of Critical Asian Studies
