Thales To Dewey:

Thales to Dewey Gordon Haddon Clark, 2000 **Thales to Dewey** Gordon H. Clark, 1989-06-01 Clark Thales to Dewey Hist of Phil Clark, 1957-01-01 Worlds Apart Norman L. Geisler, William D. Watkins, 2003-01-09 Those looking for a compendium of the major world views written from a Christian perspective need look no further Comprehensive and readable well organized and up to date *Worlds Apart* stands alone After introducing the meaning and function of a world view the authors explore the seven major world views of our day theism atheism pantheism pantheism deism finite godism and polytheism They delineate the varieties within each view analyze the beliefs of its major representatives and outline and evaluate its basic tenets The authors present the seven world views in such a way that one can compare and contrast these views It is our hope they write that readers will carefully consider all the options and then decide even if it means discarding the world view they now have In this revised edition the authors have updated the text and bibliography rewritten several sections and included suggested readings for each world view Like the original edition published in 1984 this volume contains a glossary of terms and an index of subjects and names **No Other Gods** Phil Fernandes, 2002-10 *The Freedom Book* W. Russell Ogden Ph.D., 2011-07-25 Freedom is Americas highest value We are the land of the free and the home of the brave The stars and stripes of our flag wave Freedom over our embassies around the world Immigrants risk their lives to gain freedom in America The Statue of Liberty welcomes them to our shores Our laws are designed to protect physical and political freedom for all citizens equally Spiritual freedom is the Christians highest value This is the basis of all the freedoms we enjoy The Freedom Book traces the history of freedom how God gave us freedom at creation how it was impaired by the fall in Eden and how Jesus Christ restored it through his death on the cross and resurrection to eternal life Not all truth is liberating but the truth of Gods word is liberating Jesus said If you abide in my word you are truly my disciples and you will know the truth and this truth will set you free John 8 31 32 This book can guide you on the path to true freedom

The Presbyterian Philosopher Douglas J. Douma, 2017-01-24 This is the story of Gordon Clark 1902 85 respected philosopher and prolific writer who held that Christianity as a logically coherent system is superior to all other philosophies Clark fought no wars and conquered no kingdoms Yet he was a leading figure in many theological wars fought for the Kingdom of God These battles for the minds and souls of men were every bit as crucial as physical wars between nations In an age of increasing secularization he put up an intellectual defense of the Christian faith This faith he believed was a system All of its parts link together a luxury of no other philosophy His stance shows a Christianity that is in fact intellectual not relying on appeals to emotion or experience In propounding this view he encountered frequent opposition not from the secular world but from within his own denomination This biography helps explain why his thought was so profound why resistance mounted against him and how his struggles impacted American Presbyterianism Additionally this book calls for a reappraisal of Clark s views which have been maligned by controversy Understanding and applying his views could

significantly fortify Christians combating irrational and non systematic ideas prevalent in today s churches "Education Has Nothing to Do with Theology" Edward J. Newell,2006-08-01 Does education have any relation to theology How do the educator s worldview commitments speak to his or her practice of education James Michael Lee brought a definite answer to these questions a firm no to the relations question and an advocacy for empirical findings over and against any speculative or theoretical positions in reply to the commitments question Lee claimed to have a universal neutral metatheory for all religious education a theory that would apply to all religious educators in any and every religion But in proposing his theory he overlooked the way that empirical facts express worldviews This book is a detective story tracing commitments that lay underneath empirical neutrality In the process the reader will see avenues that unmistakably link education to theology Education turns out to be a thoroughly worldview conditioned process This new work is essential reading for professors and students in both religious and general education The Big Book of Christian Apologetics Norman L. Geisler,2012-11-01

The Big Book of Christian Apologetics is a comprehensive resource designed to equip motivated believers with information to help defend and explain their faith Examining nearly every key issue person and concept related to Christian apologetics this book clarifies difficult biblical passages clearly explains various philosophical systems and concepts examines contemporary issues and challenges and offers classic apologetic arguments all with the aim of giving readers the background to intelligently and persuasively talk about their Christian faith with skeptics An expertly abridged version of the Baker Encyclopedia on Christian Apologetics this resource brings leading apologist Norman L Geisler s seminal work to the masses

A Zeal for God Not According to Knowledge Eric Snow,2005-03 Are the Jewish arguments against belief in Jesus as mankind s Savior any good Is Jesus Christ the promised Messiah of the Old Testament s prophecies Is Christianity derived from ancient Roman or Greek pagan mystery religions Is the New Testament historically reliable Was Jesus of Nazareth God according to the New Testament Did Gnosticism influence Christianity Since some 185 000 Americans have converted to Judaism according to a 1990 survey the arguments of such groups as Jews for Judaism against Christianity can t be dismissed lightly Using solid scholarship and rigorous logic A Zeal For God Not According to Knowledge defends Christianity against the arguments of its Jewish critics such as Samuel Levine Michoel Drazin Tovia Singer and Hyam Maccoby This book demonstrates that the New Testament is historically reliable denies that Christian doctrines and sacraments can be derived from pagan beliefs and practices shows that Jesus of Nazareth was the promised Messiah based on the Old Testament s prophecies and proves that the New Testament teaches the Deity of Christ This book is intended for both Christians perplexed by the arguments of Jewish friends coworkers and relatives and Jews interested in objectively considering the claims of Christianity while searching for spiritual truth about whether Jesus is their Messiah also
