And That Day Came Jacquelyn E. Grant, 2018-08-22 As soon as Jacquelyn Grant was born into a North Carolina sharecropper family as the seventh of nine children, she knew she was loved. While growing up without many material possessions, Jakki found joy in family get-togethers, imagining Superman as her father, and embracing all who helped her develop as a person. In her inspirational memoir, Jakki intertwines her life story with personal reflections that lead others through her childhood memories as well as tales about the birth of her son, her relationships, and work experiences. Yet even as she achieved professional success, Jakki reveals how she still felt broken, sad, and unfulfilled, all while knowing she had something more inside to give. It was only until she learned to listen to angels and her inner voice that Jakki finally improved her health, accepted her natural intuitive gifts, learned to love herself, and ultimately found the path to happiness. And That Day Came weaves stories and truths into an empowering memoir that offers a glimpse into how one woman's experiences and angelic encounters helped shape her divine destiny.

That Day in Dallas Robert K. Tanenbaum, 2025-06-10 That Day in Dallas: Lee Harvey Oswald Did Not Kill JFK is best described as a prosecution by Robert K. Tanenbaum of those corrupt, unscrupulous government and unelected agency officials who, from inception, with predetermined outcomes, deceitfully engaged in insecure, phony pretense probes regarding the assassination in Dealey Plaza. Those responsible are prosecuted, while those who speak truth to power are exonerated. Robert Tanenbaum, who in 1976 was appointed deputy chief counsel in charge of the congressional investigation into the assassination of President Kennedy, provides stunning and shocking immutable facts that reveal unequivocally that the government's reliance on the Warren Commission (WC) investigation and the House Select Committee on Assassinations (HSCA) alleged probe were reprehensible and ultimately gut-wrenchingly misleading and downright dishonest. The HSCA was not interested in searching for truth. In fact, as an example, it ultimately fabricated a significant portion of its forensic medical panel summary report and then sealed for fifty years all the underlying documents. For the past sixty years, the government's
