That Gentle Strength Lynda L. Coon, Katherine J. Haldane, Elisabeth W. Sommer, 1990 This text explores the historic roles of women in the Christian church and examines how their spirituality both reflected and shaped not only the female experience but the universal Christian experience Its emphasis is western Christianity from the early Christians to the late Victorians *The Oxford Handbook of Early Christian Studies* Susan Ashbrook Harvey, David G. Hunter, 2008-09-04 Provides an introduction to the academic study of early Christianity c 100 600 AD and examines the vast geographical area impacted by the early church in Western and Eastern late antiquity from publisher description [The Politics of Power and the Ordination of Women](#) Adolphus Amadi-Azuogu, 2007-08 The politics of power in the church hinders the ordination of women today Once ecclesiastical power is involved ruling is also involved Consequently the altar has also become the throne and this tempts men to suppress women The author argues that Jesus refrained from using any gender specific paradigms that would have excluded women from ritual leadership Christian **The Cappadocian Mothers** Carla D. Sunberg, 2018-01-01 The Cappadocian Fathers had great influence on the church of the fourth century having brought their passion for Christ and theological expertise to life in their ministry Their work was not devoid of influence including that of their immediate family members Within their writings we uncover the lives of seven women the Cappadocian Mothers who may have had more influence on the theology of the church than previously believed As the Cappadocians wrestle with the Christianization of the concept of deification we find the women in their lives becoming models for their theological understanding The lives of the women become points of intersection in the kenosis theosis parabola Not only are the Cappadocian Mothers uncovered in the texts but they become models of an optimistic theology of restoration for all of humanity without constraint of gender

Violence and Belief in Late Antiquity Thomas Sizgorich, 2012-03-19 In *Violence and Belief in Late Antiquity* Thomas Sizgorich seeks to understand why and how violent expressions of religious devotion became central to the self

Crossing Confessional Boundaries John Renard, 2020-01-28 Arguably the single most important element in Abrahamic cross confessional relations has been an ongoing mutual interest in perennial spiritual and ethical exemplars of one another s communities Ranging from Late Antiquity through the Middle Ages *Crossing Confessional Boundaries* explores the complex roles played by saints sages and Friends of God in the communal and intercommunal lives of Christians Muslims and Jews across the Mediterranean world from Spain and North Africa to the Middle East to the Balkans By examining these stories in their broad institutional social and cultural contexts *Crossing Confessional Boundaries* reveals unique theological insights into the interlocking histories of the Abrahamic faiths

Divine Feminine Joy Dixon, 2003-05-01 Honorable Mention for the Wallace K Ferguson Prize from the Canadian Historical Association Chosen by Choice Magazine as an Outstanding Academic Title of 2003 In 1891 newspapers all over the world carried reports of the death of H P Blavatsky the mysterious Russian woman who was the spiritual founder of the Theosophical Society With the help of the equally mysterious Mahatmas who were her teachers Blavatsky claimed to have brought the ancient wisdom of the East to the rescue of a materialistic West In England Blavatsky s earliest followers were mostly men but a generation later the Theosophical Society was dominated by women and theosophy had become a crucial part of feminist political

culture Divine Feminine is the first full length study of the relationship between alternative or esoteric spirituality and the feminist movement in England Historian Joy Dixon examines the Theosophical Society's claims that women and the East were the repositories of spiritual forces which English men had forfeited in their scramble for material and imperial power Theosophists produced arguments that became key tools in many feminist campaigns Many women of the Theosophical Society became suffragists to promote the spiritualizing of politics attempting to create a political role for women as a way to sacralize the public sphere Dixon also shows that theosophy provides much of the framework and the vocabulary for today's New Age movement Many of the assumptions about class race and gender which marked the emergence of esoteric religions at the end of the nineteenth century continue to shape alternative spiritualities today Holy Women, Wholly Women Elaine J. Lawless, 2016-11-11 Lawless collects and interprets the stories of ten women ministers and examines their public and private lives their ministries their images of God and their negotiations of sexuality and the religious life
