That Special Feeling Guiding Light No 7:

Guiding Lights Doris Richter, 2014-02-17 This book provides the reader with a treatise about order and its structures within the partnership To become aware of these structures to consider their profound sense and to gain a spiritual benefit from them is always a dynamic process and an extremely touching one at that a process that can certainly bring progress to we humans We humans are highly complex beings Great teachers mystics wise men and the various religious leaders of the past have referred to the human being as the Crown of Creation In any case for all those of us who may perhaps not yet be ready able or willing to understand this to the full he is a microcosm within a macrocosm For this reason his inner is reflected into the outer world and the outer quite turbulent world surrounding him is also often reflected on the inside The human being is the sum of body soul and mind Between them life always works its way down to his inner being while he is moved by his feelings on the outside This is also an expression of the life of his inner soul in the physical world His moods which are always moved by his feelings and which never leave him in peace are what create the opinions and different attitudes within him which give birth to them maintain them and let them die again Every person has his very own moods and feelings and these colour him in his special very personal light yet they are also able to darken him They are like the mercury in the small glass tube that indicates the temperature and whether we want this or not these moods repeatedly interconnect with the people around us forming an alliance with each other We all form a large net of feelings and naturally this also influences and shapes our common spiritual net Feelings and emotions chain us and they sometimes bind us together very strongly and often very painfully If we start to clear them however they will help us to practice our ability to exercise understanding and tolerance In this way we will learn that our ability to love can free us from one another Detachment becomes the foundation stone for a new kind of living in a loving manner and at the end of this process we will have fully understood it our heart has given us freedom we have found it again through our heart *Guiding Light* Ms. Meetu
