**Peng Yoke Ho**

## **The 1911 Revolution In China Interpretive Essays:**

The 1911 Revolution in China Shinkichi Etō, Harold Z. Schiffrin, 1984      **The 1911 Revolution in China** Peng Yoke Ho, 1979      1911 Revolution in China, The; Interpretive Essays Shinkichi Etō, Schiffrin, H. Z., 1984      **The 1911 Revolution in China** Shinkichi Etō,      *The Chinese Hsinhai Revolution* Eiko Woodhouse, 2004-08-02 The Chinese Hsinhai Revolution explores and explains for the first time the important role of G E Morrison in great power diplomacy in China from the end of the Russo Japanese War to the overthrow of the Qing Dynasty The work is based on a wide range of multinational scholarly sources and in order to develop the context in which Morrison carried out his personal diplomacy and to delineate the many sided story into which Morrison has to be placed Woodhouse has in addition to mining the very rich Morrison collection drawn upon British Japanese and American personal and official materials      *China in Revolution* Joseph W. Esherick, 2022-08-04 This book includes eleven seminal essays by one of America s leading authorities on modern Chinese history with an illuminating preface by Prof Elizabeth Perry of Harvard University it covers a range of topics from the impact of imperialism to the 1989 protests that led to the Tiananmen massacre Chapters include an explanation of how China expanded its borders far beyond the Han Chinese heartland and maintained those borders in the transition from empire to nation how Sun Yat sen unexpectedly emerged as the Father of the Country and how a series of unexpected and contingent events brought the empire down in 1911 Despite conventional representations of a static and unified China this book proves Chinese society to be diverse and constantly changing especially after the Communist revolution which was a transformative event in modern Chinese history Esherick denounces traditional imagery of cultural uniformity which derives from excessive attention to the unitary state through chapters that explore the impact of the 1937 45 War of Resistance against Japan the dramatic wartime transformation of Chinese society in both Communist and Nationalist Guomindang areas and the nature of the new Communist regime in Northwest China In his book Esherick examines both the Marxist Leninist theory behind Mao s notion of the restoration of capitalism against which he waged the Cultural Revolution of the 1960s and the political theater of the 1989 protest movement Throughout the book the contingency of history the need for careful empirical research and the important yet limited role of history is highlighted as the key to understanding the present or predicting the future of China      Authority and Welfare in China M. Twohey, 1998-12-07 This book describes the relationship between political authoritarianism and people s welfare in modern China Based on a study of Chinese political discourse from the 1898 reform period to the present the book demonstrates that support for authoritarian rule in modern China is best understood when compared to ancient political traditions of authority and welfare that were established in China s late Zhou dynasty by the Confucian philosopher Xunzi 298 238 BC      **Historical Atlas of Northeast Asia, 1590-2010** Narangoa Li, Robert Cribb, 2014-09-02 Four hundred years ago indigenous peoples occupied the vast region that today encompasses Korea Manchuria the Mongolian Plateau and Eastern Siberia Over time these populations struggled to maintain autonomy as Russia

China and Japan sought hegemony over the region Especially from the turn of the twentieth century onward indigenous peoples pursued self determination in a number of ways and new states many of them now largely forgotten rose and fell as great power imperialism indigenous nationalism and modern ideologies competed for dominance This atlas tracks the political configuration of Northeast Asia in ten year segments from 1590 to 1890 in five year segments from 1890 to 1960 and in ten year segments from 1960 to 2010 delineating the distinct history and importance of the region The text follows the rise and fall of the Qing dynasty in China founded by the semi nomadic Manchus the Russian colonization of Siberia the growth of Japanese influence the movements of peoples armies and borders and political social and economic developments reflecting the turbulence of the land that was once the world s cradle of conflict Compiled from detailed research in English Chinese Japanese French Dutch German Mongolian and Russian sources the Historical Atlas of Northeast Asia incorporates information made public with the fall of the Soviet Union and includes fifty five specially drawn maps as well as twenty historical maps contrasting local and outsider perspectives Four introductory maps survey the region s diverse topography climate vegetation and ethnicity

**Mongolia in the Twentieth Century** Stephen Kotkin, Bruce Allen Elleman, 2015-02-12 The remote vastness of Mongolia has remained somewhat of a mystery to most Westerners no less so in the 20th century Homeland of the legendary conqueror Chingiz Khan in modern times Mongolia itself has been the object of imperial rivalry For most of the 20th century it was under Soviet domination Mikhail Gorbachev began the withdrawal of Soviet troops from Mongolia in 1989 a process completed in 1992 By 1996 a coalition of opposition parties triumphed in national elections and Mongolia launched itself on a new course It is perhaps the most intriguing of the post community transition societies This volume examines Mongol history over the past century embracing not only Mongolia proper but also Mongol communities in Russia and China Contributions based on new archival research and the latest fieldwork are from the world s top experts in the field including four authors from Mongolia and others from Japan Russia Taiwan Great Britain and the United States Stephen Kotkin s introductory chapter is an overview of Mongol studies The essays in part 1 examine Sino Russian competition over Outer Mongolia Part 2 looks at international diplomacy in Mongolia including the role of Japan Part 3 focuses on contemporary issues ranging from economic and cultural change to emergent elites A concluding essay surveys Mongolian foreign policy

Constructing Suiyuan Justin Tighe, 2021-11-29 This groundbreaking study sheds light on the mechanisms of Chinese nation and state making Closely examining the remaking of Qing Inner Asia as Chinese provincial territory in the late Qing and Republican periods the author focuses on the efforts of warlords and local Chinese elites in creating the new Inner Mongolian province of Suiyuan Based on a wide reading of rarely accessed sources the book explores land reclamation the growth of counties and other ways by which Suiyuan gained provincial substance It also carefully traces the emergence of a new national discourse on Northwestern territory and demonstrates its importance in placing Suiyuan within the Chinese Republic More broadly speaking Constructing Suiyuan offers comparative perspectives on the issues of

space territoriality and possession of place
