The Harp Of Ethiopia:

The Harp of Ethiopia Maurice N. Corbett, 1971 **The Columbia History of American Poetry** Jay Parini, 1993-12-23
New York Times Book Review **Greater Ethiopia** Donald N. Levine, 2024-05-31 Greater Ethiopia combines history anthropology and sociology to answer two major questions Why did Ethiopia remain independent under the onslaught of European expansionism while other African political entities were colonized And why must Ethiopia be considered a single cultural region despite its political religious and linguistic diversity Donald Levine s interdisciplinary study makes a substantial contribution both to Ethiopian interpretive history and to sociological analysis In his new preface Levine examines Ethiopia since the overthrow of the monarchy in the 1970s Ethiopian scholarship is in Professor Levine s debt He has performed an important task with panache urbanity and learning Edward Ullendorff Times Literary Supplement Upon rereading this book it strikes the reader how broad in scope how innovative in approach and how stimulating in arguments this book was when it came out In the past twenty years it has inspired anthropological and historical research stimulated theoretical debate about Ethiopia s cultural and historical development and given the impetus to modern political thinking about the complexities and challenges of Ethiopia as a country The text thus easily remains an absolute must for any Ethiopianist scholar to read and digest J Abbink Journal of Modern African Studies Cine-Ethiopia Michael W. Thomas, Alessandro Jedlowski, Aboneh Ashagrie, 2018-08-01 Over the past decade Ethiopian films have come to dominate the screening schedules of the many cinemas in Ethiopia s capital city of Addis Ababa as well as other urban centers Despite undergoing an unprecedented surge in production and popularity in Ethiopia and in the diaspora this phenomenon has been broadly overlooked by African film and media scholars and Ethiopianists alike This collection of essays and interviews on cinema in Ethiopia represents the first work of its kind and establishes a broad foundation for furthering research on this topic Taking an interdisciplinary approach to the topic and bringing together contributions from both Ethiopian and international scholars the collection offers new and alternative narratives for the development of screen media in Africa The book s relevance reaches far beyond its specific locale of Ethiopia as contributions focus on a broad range of topics such as commercial and genre films diaspora filmmaking and the role of women in the film industry while simultaneously discussing multiple forms of screen media from satellite TV to video films Bringing both historical and contemporary moments of cinema in Ethiopia into the critical frame offers alternative considerations for the already radically changing critical paradigm surrounding the understandings of African cinema *The Orthodox Church of Ethiopia* John Binns, 2016-11-28 Surrounded by steep escarpments to the north south and east Ethiopia has always been geographically and culturally set apart It has the longest archaeological record of any country in the world Indeed this precipitous mountain land was where the human race began It is also home to an ancient church with a remarkable legacy The Ethiopian Church forms the southern branch of historic Christianity It is the only pre colonial church in sub Saharan Africa originating in one of the earliest Christian

kingdoms with its king Ezana supposedly descended from the biblical Solomon converting around 340 CE. Since then it has maintained its long Christian witness in a region dominated by Islam; today it has a membership of around forty million and is rapidly growing. Yet despite its importance, there has been no comprehensive study available in English of its theology and history. This is a large gap which this authoritative and engagingly written book seeks to fill. The Church of Ethiopia or formally the Ethiopian Orthodox Tewahedo Church has a recognized place in worldwide Christianity as one of five non-Chalcedonian Orthodox Churches. As Dr Binns shows, it has developed a distinctive approach which makes it different from all other churches. His book explains why this happened and how these special features have shaped the life of the Christian people of Ethiopia. He discusses the famous rock-hewn churches, the Ark of the Covenant claimed by the Church and housed in Aksum, the medieval monastic tradition, relations with the Coptic Church, co-existence with Islam, missionary activity and the Church's venerable oral traditions, especially the discipline of *qene*, a kind of theological reflection couched in a unique style of improvised allegorical poetry. There is also a sustained exploration of how the Church has been forced to re-think its identity and mission as a result of political changes and upheaval following the overthrow of Haile Selassie who ruled as Regent 1916-1930 and then as Emperor 1930-74 and beyond.

The Traditional Interpretation of the Apocalypse of St John in the Ethiopian Orthodox Church Roger W. Cowley, 2014-11-13. The aim of this study is to describe the traditional Biblical and patristic Amharic commentary material of the Ethiopian Orthodox Church and to present in translation a sufficient sample of the Amharic and also the Geez commentary material that its character can be clearly seen. Accordingly, the study is divided into three parts: a general introduction, an annotated translation of a Geez commentary, and an annotated translation of an Amharic commentary. The book chosen for parts II and III is the Apocalypse of John. *A Handlist of the Manuscripts in the Institute of Ethiopian Studies, Volume One* Demeke Berhane, Melaku Terefe, Steve Delamarter, Jeremy R. Brown, Jacopo Gnisci, 2025-04-15. The Institute of Ethiopian Studies is home to the largest collection of Ethiopian manuscripts in the world. This volume provides a catalog of one subset of the manuscripts: those in Ge'ez and Amharic which were mostly produced by members of the Ethiopian Orthodox Church. There are six introductory essays that provide information about the developments and project which led to the digitization of the collection in 2010, the history of the IES collection, the cataloging approach, the digitization process, the rationale for undertaking this endeavor, and a short description of some of the illuminated manuscripts in the IES. The catalog provides short handlist entries for 1,530 in the IES that were prepared by Melaku Terefe with assistance from Steve Delamarter and Jeremy Brown. The final passes were carried out by Jacopo Gnisci and Jeremy Brown with special attention to technical matters of cataloguing, lists, and indexing. Back matter includes lists of IES Manuscripts arranged by shelf mark and a concordance with pieces microfilmed by the EMMML Project, as well as lists of dated or datable and undated codices and magic scrolls. These are followed by indexes of works, miniatures, names, and places in the manuscripts, and an index of names of owners in the magic scrolls. Forty-two plates showcase in full detail some
