The Hearth Tax Collectors For Worcester:

The Hearth Tax Collectors' Book for Worcester, 1678-1680 Cecil Anthony Francis Meekings, Stephen Porter, Ian Roy, 1983 The Hearth Tax Collectors' Book for Worcester, 1678-1680 Cecil Anthony Francis Meekings, S. Porter, Ian Roy, 1983 Zealous: A Darker Side of the Early Quakers Erica Canela, 2025 The mid seventeenth century was a tumultuous time and out of the chaos Quakerism was born Zealous A Darker Side of the Early Quakers tells a different side to this story The Civil Wars touched all corners of England Scotland and Wales the people of the poor almost wasted Kingdom were war weary miserable and in total ruin **The Surname Detective** Colin Rogers, 2024-07-30 From the author of The Family Tree Detective this guide provides the amateur genealogist or family historian with the skills to research the distribution and history of a surname Colin Rogers uses a sample of 100 names many of them common to follow the migration of people through the centuries Each of the 100 names is mapped since the Domesday book in 1086 For those whose name is not among the sample the book shows how to find out where namesakes live now how they moved around the country through time and how the name originated from a placename a nickname or an occupation Colin Rogers finishes this work by showing how the distribution of surnames can be studied irrespective of the size of the surrounding population and reaches some interesting conclusions about which names are more reliable guides to migration since the 14th century Family Names and Family History David Hey, 2006-06-22 Family names are an essential part of everyone's personal history The story of their evolution is integral to family history and fascinating in its own right Formed from first names place names nicknames and occupations names allow us to trace the movements of our ancestors from the middle ages to the present day David Hey shows how when and where families first got their names and proves that most families stayed close to their places of origin Settlement patterns and family groupings can be traced back towards their origin by using national and local records Family Names and Family History tells anyone interested in tracing their own name how to set about doing so **Westmorland Hearth Tax Michaelmas 1670 & Surveys 1674-5** Colin Phillips, Catherine Ferguson, Andrew Wareham, 2008

Seventeenth-century Oxford Nicholas Tyacke, 1997 Volume IV of the magisterial History of the University of Oxford covers the seventeenth century a period when both institutionally and intellectually the University was expanding Oxford and its University moreover had a major role to play in the tumultuous religious and political events of the century the Civil War the Commonwealth the Restoration In this volume leading experts in several fields combine to present a comprehensive and authoritative analysis and overview of the rich pattern of intellectual political and cultural life in seventeenth century Oxford

Midland History, 1988 **Tracing Your Birmingham Ancestors** Michael Sharpe, 2015-04-30 Birmingham the cradle of the industrial revolution and the world's first manufacturing town is an important focus for many family historians who will find that their trail leads through it Rural migrants Quakers Jews Irish Italians and more recently people from the Caribbean South Asia and China have all made Birmingham their home This vibrant history is reflected in the city's rich collections of

records and Michael Sharpe's handbook is the ideal guide to them. He introduces readers to the wealth of information available providing an essential guide for anyone researching the history of the city or the life of an individual ancestor. His work addresses novices and experienced researchers alike and offers a compendium of sources from legal and ecclesiastical archives to the records of local government employers, institutions, clubs, societies and schools. Accessible, informative and extensively referenced, it is the perfect companion for research in Britain's second city.

Excavations at Deansway, Worcester, 1988-89 Hal Dalwood, Rachel Edwards, 2004. In 1988 and 1989 large areas in the centre of Worcester were excavated in advance of the construction of a shopping centre, providing a unique opportunity to examine the development of the city. Although little prehistoric evidence was recovered, the project identified the remains of a Roman small town with most intense occupation between the 2nd and 4th century. The evidence indicated that ironworking and livestock were two staples of the town's economy. Medieval discoveries included Anglo-Saxon defences, evidence of Anglo-Norman lime burning and metalworking, and the first complete plan of an 11th or 12th century stone hall uncovered in Worcester. A later medieval bronze foundry was also recorded. This substantial and well-presented report publishes descriptions of the archaeological remains with a full chronological synthesis and numerous specialist finds reports on pottery, building materials, ironworking residues, metalwork, jewellery, glass, coins, inscriptions, worked stone, bone and antler tools, human skeletal remains and other environmental remains. Many of the features and finds are illustrated.

London and the Civil War Stephen Porter, 2015-12-31. The book has a freshness of viewpoint which makes most enjoyable reading. Joan Thirsk: As the country's largest city, the focus of its trade and cultural life and the possessor of sizeable militia forces and the national capital, London's influence on the country's history has always been very important. In particular, its adherence to the parliamentary cause was crucial to the outcome of the first Civil War, and its aloofness from the second Civil War was no less significant. The essays in this volume examine the background to its choice of allegiance, the way in which it was secured for the parliamentary cause in 1642, its contribution to the war effort, the royalists' reaction to its recalcitrance, the impact of the war upon the capital and its importance as the centre of politically inspired ceremonial.
