Michael Guasco

The Abolition Of Slavery And The Aftermath Of Emancipation In Brazil:

The Abolition of Slavery and the Aftermath of Emancipation in Brazil Rebecca Jarvis Scott, Seymour Drescher, Hebe Maria Mattos de Castro, George Reid Andrews, Robert M. Levine, 1998 *The Abolition of Slavery and the Aftermath of Emancipation in Brazil* Rebecca Scott, 2013-07-12 In May 1888 the Brazilian parliament passed and Princess Isabel acting for her father Emperor Pedro II signed the lei aurea or Golden Law providing for the total abolition of slavery Brazil thereby became the last civilized nation to part with slavery as a legal institution The freeing of slaves in Brazil as in other countries may not have fulfilled all the hopes for improvement it engendered but the final act of abolition is certainly one of the defining landmarks of Brazilian history The articles presented here represent a broad scope of scholarly inquiry that covers developments across a wide canvas of Brazilian history and accentuates the importance of formal abolition as a watershed in that nation's development [Abolition of Slavery: Oxford Bibliographies Online Research Guide](#) Michael Guasco, 2010-06 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated This ebook is just one of many articles from Oxford Bibliographies Online Atlantic History a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of Atlantic History the study of the transnational interconnections between Europe North America South America and Africa particularly in the early modern and colonial period Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com *Studies on Slavery in Brazilian and African History and Literature* Roberto Hofmeister-Pich, Stephan Conermann, 2025-10-14 Historically Latin American political entities were structured by different forms of slave labor that until the 19th century depended on transatlantic slave trade from Africa to the Americas In this volume scholars from Brazil Germany and Africa characterize different forms of serfdom in colonial times picture slavery based societies and explore aspects of dependency relations that emerged in the aftermath of abolition in Brazil and Africa **Crossroads of Freedom** Walter Fraga, 2016-04-15 By 1870 the sugar plantations of the Recôncavo region in Bahia Brazil held at least seventy thousand slaves making it one of the largest and most enduring slave societies in the Americas In this new translation of Crossroads of Freedom which won the 2011 Clarence H Haring Prize for the Most Outstanding Book on Latin American History Walter Fraga charts these slaves daily lives and recounts their struggle to make a future for themselves following slavery's abolition in 1888 Through painstaking archival research he illuminates the hopes difficulties opportunities and setbacks of ex slaves and plantation owners alike as they adjusted to their

postabolition environment Breaking new ground in Brazilian historiography Fraga does not see an abrupt shift with slavery's abolition rather he describes a period of continuous change in which the strategies customs and identities that slaves built under slavery allowed them to navigate their newfound freedom Fraga's analysis of how Recife's residents came to define freedom and slavery more accurately describes this seminal period in Brazilian history while clarifying how slavery and freedom are understood in the present

Nothing But Freedom Eric Foner, 2007-09 Nothing But Freedom examines the aftermath of emancipation in the South and the restructuring of society by which the former slaves gained beyond their freedom a new relation to the land they worked on to the men they worked for and to the government they lived under Taking a comparative approach Eric Foner examines Reconstruction in the southern states against the experience of Haiti where a violent slave revolt was followed by the establishment of an undemocratic government and the imposition of a system of forced labor the British Caribbean where the colonial government oversaw an orderly transition from slavery to the creation of an almost totally dependent work force and early twentieth century southern and eastern Africa where a self-sufficient peasantry was dispossessed in order to create a dependent black work force Measuring the progress of freedmen in the post Civil War South against that of freedmen in other recently emancipated societies Foner reveals Reconstruction to have been despite its failings a unique and dramatic experiment in interracial democracy in the aftermath of slavery Steven Hahn's timely new foreword places Foner's analysis in the context of recent scholarship and assesses its enduring impact in the twenty-first century

Gender and Slave Emancipation in the Atlantic World Pamela Scully, Diana

Paton, 2005-10-04 A comparative perspective on the way ideas of gender relations and identities shaped the struggle over resources cultural practices and political rights that followed the end of slavery in the Atlantic world

Latin America and the Origins of Its Twenty-First Century Michael Monteón, 2009-12-30 Latin American societies were created as pre-industrial colonies that is peoples whose cultures and racial makeup were largely determined by having been conquered by Spain or Portugal In all these societies a colonial heritage created political and social attitudes that were not conducive to the construction of democratic civil societies And yet Latin America has a public life not merely governments but citizens who are actively involved in trying to improve the lives and welfare of their populations Monteón focuses on the relation of people's lifestyles to the evolving pattern of power relations in the region Much more than a basic description of how people lived this book melds social history politics and economics into one creating a full picture of Latin American life There are two poles or markers in the narrative about people's lives the cities and the countryside Cities have usually been the political and cultural centers of life from the conquest to the present Monteón concentrates on cities in each chronological period allowing the narrative to explain the change from a religiously centered life to the secular customs of today from an urban form organized about a central plaza and based on walking to one dominated by the automobile and its traffic Each chapter relates the connections between the city and its countryside and explains the realities of rural life Also discussed are customs diets

games and sports courting and marriage and how people work **Race, Place, and Medicine** Julyan G. Peard, 1999 Looks at a group of 19th century Brazilian doctors the Bahian Tropicalista School and their efforts to both counter European assumptions about Brazilian racial and cultural inferiority and doomed health and to forge their own definition of tropical medicine **Empire And Antislavery** Christopher Schmidt-Nowara, 1999-05-15 In 1872 there were more than 300 000 slaves in Cuba and Puerto Rico Though the Spanish government had passed a law for gradual abolition in 1870 slaveowners particularly in Cuba clung tenaciously to their slaves as unfree labor was at the core of the colonial economies Nonetheless people throughout the Spanish empire fought to abolish slavery including the Antillean and Spanish liberals and republicans who founded the Spanish Abolitionist Society in 1865 This book is an extensive study of the origins of the Abolitionist Society and its role in the destruction of Cuban and Puerto Rican slavery and the reshaping of colonial politics
