The Abolitionists. Reformers Or Fanatics? Ed. by R.O. Curry R. O. Curry,1965 Angry Abolitionists and the Rhetoric of Slavery Benjamin Lamb-Books,2016-08-03 This book is an original application of rhetoric and moral emotions theory to the sociology of social movements It promotes a new interdisciplinary vision of what social movements are why they exist and how they succeed in attaining momentum over time Deepening the affective dimension of cultural sociology this work draws upon the social psychology of human emotion and interpersonal communication Specifically the book revolves around the topic of anger as a unique moral emotion that can be made to play crucial motivational and generative functions in protest The chapters develop a new theory of the emotional power of protest rhetoric including how abolitionist performances of heterodox racial and gender status imaginaries contributed to the escalation of the sectional conflict over American slavery

Neo-slave Narratives Ashraf H. A. Rushdy,1999 NeoSlave Narratives is a study in the political social and cultural content of a given literary form the novel of slavery cast as a first person slave narrative After discerning the social and historical factors surrounding the first appearance of that literary form in the 1960s NeoSlave Narratives explores the complex relationship between nostalgia and critique while asking how African American intellectuals at different points between 1976 and 1990 remember and use the site of slavery to represent the crucial cultural debates that arose during the sixties

Methods of Rhetorical Criticism Bernard L. Brock,Robert Lee Scott,James W. Chesebro,1989 *Long Black Song*

Houston A. Baker,1990 Houston Baker maintains that black American culture grounded in a unique historical experience is distinct from any other and that it has produced a body of literature that is equally and demonstrably unique in its sources values and modes of expression He argues that black American literature is rooted in black folklore animal tales trickster slave tales religious tales folk songs spirituals and ballads and that a knowledge of this tradition is essential to the understanding of any individual black author or work To demonstrate the continuity of this tradition Baker examines themes that appear in folklore and persist throughout contemporary black literature Freedom and Apocalypse for example traces the idea that black Americans are a chosen people who will by some violent means overthrow the white man's tyranny The essays culminate in an examination of the life and work of Richard Wright Baker's treatment of Wright as a black American artist who recorded the black man's shift from an agrarian to an urban setting places Wright and the tradition of black literature and culture in a fresh perspective *Lewis Tappan and the Evangelical War against Slavery* Bertram

Wyatt-Brown,1997-10-01 Lewis Tappan 1788 1873 founder of the Journal of Commerce and the nation's first credit rating firm is probably best known for his business accomplishments His greatest achievement however was not finance but freedom In the 1830s he and his wealthy brother Arthur underwrote and inspired the Manhattan headquarters of the

American Anti Slavery Society and founded many other organizations to promote freedom faith and racial tolerance As prominent historian Bertram Wyatt Brown demonstrates in this fascinating portrait Tappan contributed much more to the cause of liberty and equality than has yet been acknowledged *Two Lectures on the Subjects of Slavery and Abolition*
Charles Olcott, 1838
