People's War Thomas A Marks, Paul Rich, 2019-12-18 Far from being an anachronism much less a kit bag of techniques people s war raises what has always been present in military history irregular warfare and fuses it symbiotically with what has likewise always been present politically rebellion and the effort to seize power The result is a strategic approach for waging revolutionary warfare the effort to make a revolution Voluntarism is wedded to the exploitation of structural contradiction through the building of a new world to challenge the existing world through formation of a counterstate within the state in order ultimately to destroy and supplant the latter This is a process of far greater moment than implied by the label guerrilla warfare so often applied to what Mao and others were about This volume deals with the continuing importance of Maoist and post Maoist concepts of people s war Drawing on a range of examples that include Peru Colombia Bolivia the Caucasus and Afghanistan the collection shows that the study of people s war is not just an historical curiosity but vital to the understanding of contemporary insurgent and terrorist movements The chapters in this book were originally published as a special issue of *Small Wars Insurgencies*

Cultural Heritage Management and Indigenous People in the North of Colombia Wilhelm Londoño Díaz, 2020-12-29 *Cultural Heritage Management and Indigenous People in the North of Colombia* explores indigenous people s struggle for territorial autonomy in an aggressive political environment and the tensions between heritage tourism and Indigenous rights South American cases where local communities especially Indigenous groups are opposed to infrastructure projects are little known This book lays out the results of more than a decade of research in which the resettlement of a pre Columbian village has been documented It highlights the difficulty of establishing the link between archaeological sites and objects and Indigenous people due to legal restrictions From a decolonial framework the archaeology of Pueblito Chairama Teyk is explored and the village stands as a model to understand the broader picture of the relationship between Indigenous people and political and economic forces in South America The book will be of interest to researchers in Archaeology Anthropology Heritage and Indigenous Studies who wish to understand the particularities of South American repatriation cases and Indigenous archaeology in the region Terrorism Chester L.

Congressional Record United States. Congress,1992 *Voices from the Coca Fields* Bautista, Ana Jimena,Capacho, Blanca,Cruz, Luis Felipe,Martínez, Margarita,Pereira, Isabel,Ramírez, Lucía,2021-03-30 Colombia s response to the country s drug problem has been based on the repression of the weakest links in the drug chain namely consumers and small farmers which has led to disproportionate rates of imprisonment and has involved a heavy focus on forced crop eradication Not only has such an approach failed to effectively control the cocaine market but it has also unleashed harmful side effects in terms of security social development and human rights as they concern communities in coca growing areas Moreover although scholars and practitioners have analyzed Colombia s drug problem from a variety of perspectives these efforts have tended to overlook women s experiences This report explores the ways that rural norms gender structures the armed conflict and illegal markets have played out in the lives of women coca growers in Colombia s Andes Amazon region an area distinguished by the presence of illegal armed groups violence poverty and weak state institutions In this region of Colombia coca cultivation has offered an important source of income for rural families which in turn has affected women s roles in society and has placed them in a vulnerable position vis vis armed actors The Andes Amazon region is an area where the country s war on drugs and its armed conflict converged and unmasked the gender structures dominating the countryside These structures affected rural women in various ways through everyday violence the fumigation of illicit and licit crops alike and

women's stigmatization due to their involvement in an illegal trade. But coca was also a source of livelihood that helped them attain economic independence and gave them the ability to improve their well-being and that of their families. The recent peace accord signed between the Colombian government and the country's main guerrilla group represents a historic opportunity to learn from past mistakes in terms of the illicit crop problem and the social and political demands of coca-growing communities. Against this backdrop it is time to recognize the contributions that women coca growers have made in both the public and the private spheres toward the construction of a peaceful countryside in the most remote and forgotten regions of the country.

Guerrilla Hostage Denise Marie Siino, 1999 Ray Rising was a missionary working with an organization which translates the Bible into indigenous languages. He was captured by guerrillas and held prisoner for over two years. He continued to convey his Christian message to his captors. He is very candid about his struggles with boredom, loneliness, and frustration as he was held in crude shelters in the dense jungles yet the book co-written by a journalist never drags.

Escaping the Khmer Rouge Chileng Pa, Carol A. Mortland, 2017-02-10 The Khmer Rouge ruled Cambodia for three years, eight months, and twenty days. After overthrowing Lon Nol in April 1975 and establishing a so-called Democratic Kampuchea, the Communist-sponsored government was responsible for the deaths of as many as two million people, almost one-third of the country's population. Here Chileng Pa vividly recalls life under the Cambodian Communists. Attempting to conceal his identity as a policeman for the previous government, Chileng changed his name and moved his family to the village of Prayap near the Vietnamese border. In April of 1977, after two years of starvation and cruelty at the hands of the Khmer Rouge, Chileng was forced to watch as Communist guerrillas brutally murdered his wife and two-year-old son. With nothing left for him in Prayap, Chileng fled to Vietnam but eventually returned to Cambodia as part of a Vietnamese invasion force that would end the bloody reign of the Khmer regime. In 1981, Chileng and his new family found their way to America. His simple strand of remembrance serves to honor all those who died at the hands of the Khmer Rouge.

Guns and Rain David Lan, 1985-11-14 This book makes us understand an historical event of world importance: the liberation of Zimbabwe from the point of view of ordinary people. It is not only a specific study of great brilliance but also a model which shows how anthropology can contribute to politics and history.

Throwing Stones at the Moon Sibylla Brodzinsky, Max Schoening, 2023-03-28 Since 1964 Colombia has been embroiled in internal armed conflict among guerrilla groups, paramilitary militias, and the country's

own military. Civilians in Colombia face a range of abuses from all sides including killings, disappearances and rape, and more than four million have been forced to flee their homes. The oral histories in *Throwing Stones at the Moon* describe the most widespread of Colombia's human rights crises: forced displacement. Speakers recount life before displacement, the reasons for their flight, and their struggle to rebuild their lives. NARRATORS INCLUDE MARIA VICTORIA, whose fight against corruption as a hospital union leader led to a brutal attempt on her life. In 2009, assassins tracked her to her home and stabbed her seven times in the face and chest. Since the attack, Julia has undergone eight facial reconstructive surgeries and continues to live in hiding. DANNY, who at eighteen joined a right-wing paramilitary's training camp, initially lured by the promise of quick money. Danny soon realized his mistake and escaped to Ecuador. He describes his harrowing escape and his struggle to survive as a refugee with two young children to support. *Fostering Refugee Resilience* Basma El Zein, Ahmed Al Jarwan, 2025-04-22

Experts and practitioners from around the world highlight innovative initiatives, case studies, and recommendations for building more inclusive communities. They emphasize the talents, resilience, and potential contributions of refugees rather than viewing refugees as passive recipients of aid.
