The 7 Days Winner Joyjeet Chaudhuri, 2014-08-02. What is the thought you're thinking right now? Is it an empowering thought? Is it a thought about the argument you had yesterday? Is it a thought about what you have to do tomorrow? Is it a thought about what you saw in the news? Whatever that thought is, you are using it to create your own reality. We are deeply engrossed in a time trap called a past, a present, and a future. For many of us, we lock ourselves into internal and external conversations that revisit the past or speak about a future filtered through our past memories. Through continuous internal dialogues, we tend to attract to ourselves analogous circumstances and relationships over and over again. We change jobs only to be confronted with the same problem, employees, or bosses. We get out of one relationship and find ourselves engaged with the same type of person. At points, we ask ourselves, "Why am I experiencing this again? Why do I keep attracting the same thing over and over again? Why ME every time?" You are destined to be happy and joyful; you are destined to enjoy the true nectar of life called abundance; you are destined to be in perfect health and wellness, and you are destined to be wealthy and ever prosperous. Following the simple, steady steps mentioned in this book, you will be able to do or have anything you want in your life and be in perfect harmony with your true self. At the end of every chapter, you will find affirmations and associated visualizations which are tailor-made for your success. There are 7 Power Exercises for the Day. Follow those very simple steps as your daily homework for the next 7 days. Those are affirmations and visualizations tailor-made to realign your thought process, unleash your truest potential, and bring in happiness, peace, prosperity, wealth, and abundance. In the book 7 Days Winner, you will discover ways to quickly break negative patterns that have been holding you back and create positive habits that can instantly improve your life. And you'll discover how to stay motivated so you can continue to be successful. So even if you're time-starved, you'll still be able to find the time to recognize what's working and what's not. As you change your limiting beliefs, you'll find that you generate more success in your business, expand your personal relationships, and improve your health. 5 Minute Habits contains a wealth of ideas to take positive action to improve your life.
