Hilton, 2007-06-12 A day by day account of a woman traveling alone across the country in one direction or the other and what she saw or encountered along the way Getting in the car and hitting the highway is something the author has always loved to do This book contains personal trip logs of cross country trips from 1996 to the present time and includes a few side trips The near accidents funny signs how she amused and entertained herself on long boring stretches of highway some of the places she ate motels she stayed in and even the thoughts she had make interesting reading especially for an armchair traveler Traveling through storms or zigzagging between Interstate highways to avoid them and other decisions she made on the road are things any traveler can relate to Going out of the way in order to travel through country areas never seen before along roads never previously driven or being on some backroad for awhile were things she did not hesitate to do when the urge came to leave the current route Fast foods

fast lanes and fast airplanes yet a leisurely pace prevailed when there was something of interest that required slowing down and taking a second look or changing to a different route An armchair traveler will find her trip logs to be both interesting and entertaining *THE HAPPY YEARS* Larry B. Fullen, 2023-08-22 Asheville enjoyed prosperity after the harsh and lean years of the Depression and WWII Predominately low middle income there were no social or economic divisions all were rich in mutual respect and pride of community As youth the homogenic culture and ethnicity of our small town was not recognized The focus was on the Thursday night dances in the park the Fourth of July celebration and winning county sports championships Teachers were neighbors compassionate and dedicated to their profession There was a sense of freedom but is something was wrong or not to expectations parents would know about it immediately An attitude of optimism prevailed unaware that Asheville like many rural communities was not realizing the growth of the metropolitan and industrial areas and that for the younger generation the future was not likely to be in Asheville Later in life we understood the blessings and meaning of small town values the unique shared experiences and lasting friendships from growing up in Asheville **Happy Highways** Trevor Bottomley, 2000 Good Roads Magazine , 1908 **University of Virginia Magazine** , 1920 The Bookman , 1921 **To-day** Holbrook Jackson, 1920 *The Swarming Streets* , 2004-01-01 Ranging from the turn of the nineteenth century to the last few years of the twentieth century *The Swarming Streets* explores the representation of London in the last century through some of the major writers who have made it the foundation of their work The natural companion to recent major histories and biographies of the metropolis students and researchers alike will find major new essays on Virginia Woolf Dorothy Richardson Storm Jameson E Nesbit Julian Barnes Iain Sinclair Graham Swift B S Johnson and Andrea Levy and others Drawing on a rich variety of critical approaches each essay is distinct as well as contributing to an overall analysis of literary representations of twentieth century London **Edward Elgar** Christopher Grogan, 2020-12-02 The first full length study of the English composer s complex interaction with his physical environment and its new relevance in the 21st century More perhaps than any other composer Edward Elgar 1857 1934 has gained the status of an icon of locality his music seemingly inextricably linked to the English landscape in which he worked This the first full length study of Elgar s complex interaction with his physical environment explores how it is that such associations are formed and whether it is in any sense true that Elgar alchemized landscape into music It argues that Elgar stands at the apex of an English tradition going back to Blake in which creative artists in all media have identified and warned against the self harm of environmental degradation and that following a period in which these ideas were swept away by the swift but shallow tide of Modernism in the decades after the First World War they have since resurfaced with a new relevance and urgency for twenty first century society Written with the non specialist in mind yet drawing on the rich resources of post millennial scholarship on Elgar as well as geographical studies of place the book also includes many new insights relating to such aspects of Elgar s output as his use of landscape typology in *The Apostles* and his encounter with Modernism in the late

chamber music It also calls on the resources of contemporary social commentary poetry and especially English landscape art to place Elgar and his thought in the broader cultural milieu of his time A survey of recent recordings is included in the hope that listeners both familiar and unfamiliar with Elgar s music will feel inspired to embark on a voyage of re discovery of its endlessly rewarding treasures *The Publishers Weekly* ,1921 [Life in the Writings of Storm Jameson](#) Elizabeth Maslen,2014-09-05 Elizabeth Maslen s excellent biography offers a fresh look at the intersection of Jameson s life and work and the way these intersected with figures from Rebecca West to Arthur Koestler to Czeslaw Milosz
