The Heroes Who Fell From Grace:

The Heroes who Fell from Grace Charles J. Patterson, G. Lee Tippin, 1985 **Four Decades On** Scott Laderman, Edwin A. Martini, 2013-06-06 In *Four Decades On* historians anthropologists and literary critics examine the legacies of the Second Indochina War or what most Americans call the Vietnam War nearly forty years after the United States finally left Vietnam. They address matters such as the daunting tasks facing the Vietnamese at the war's end including rebuilding a nation and consolidating a socialist revolution while fending off China and the Khmer Rouge and the Vietnam syndrome the cynical frustrated and pessimistic sense that colored America's views of the rest of the world after its humiliating defeat in Vietnam. The contributors provide unexpected perspectives on Agent Orange the POW/MIA controversies the commercial trade relationship between the United States and Vietnam and representations of the war and its aftermath produced by artists particularly writers. They show how the war has continued to affect not only international relations but also the everyday lives of millions of people around the world. Most of the contributors take up matters in the United States Vietnam or both nations while several utilize transnational analytic frameworks recognizing that the war's legacies shape and are shaped by dynamics that transcend the two countries. Martini Viet Thanh Nguyen Christina Schwenkel Charles Waugh.

Sports Heroes, Fallen Idols Stanley H. Teitelbaum, 2008-06-01 On the court and on the field they are the world's winners exhibiting a natural grace and prowess their adoring fans can only dream about. Yet so often off the field our sports heroes lose their perspective their balance and ultimately their place. In a work as timely as the latest fracas on the basketball court or the most recent drug-induced scandal in the dugout Stanley H. Teitelbaum looks into the circumstances behind many star athletes' precipitous fall from grace. In his psychotherapy practice Teitelbaum has worked extensively with professional athletes and sports agents work he draws on here for insight into the psyche of sports figures and the off-the-field challenges they face. Considering both historical and current cases he shows how in many instances the very factors that elevate athletes to superstardom contribute to their downfall. An evenhanded and honest look at athletes who have faltered Teitelbaum's work helps us see past our sports stars' exalted images into what those images and their frailty say about our society and ourselves. Military Intelligence, 1986 *Unwavering* Taylor Baldwin Kiland, Judy Silverstein Gray, 2023-05-02 The true story of the women who waged an epic home front battle to ensure our nation leaves no man behind. When some of America's military men are captured or go missing during the Vietnam War a small group of military wives become their champions. Never had families taken on diplomatic roles during wartime nor had the fate of our POWs and missing men been a nationwide concern. In cinematic detail authors Taylor Baldwin Kiland and Judy Silverstein Gray plunge you directly into the political maneuvering the women navigated onto the international stage they shared with world leaders and through the landmark legacy they created. **M.I.A., Or, Mythmaking in America** Howard Bruce Franklin, 1993 This paperback
