flung lands of the British Empire Reference is also made at attempts to revive the airship in the closing decade of the 20th century and the locations associated with them Illustrations 170 black and white photographs *The Zeppelin Offensive* David Marks,2019-06-30 Airship propaganda that s a visual treat it will appeal to all those interested in how artwork was harnessed to convey information in time of war Firetrench Books on the Zeppelin raids during the First World War have traditionally focused on the direct impact of Britain from the devastating effects on undefended towns and cities the psychological impact of this first weapon of total war to the technological and strategic advances that eventually defeated the Baby Killers Now drawing on the largest postcard collection of its kind and other period memorabilia David Marks tells the story of the Zeppelin during the First World War from a viewpoint that has rarely been considered Germany itself From its maiden flight in July 1900 the Zeppelin evolved into a symbol of technology and national pride that once war was declared was at the forefront of German s propaganda campaign The Zeppelin links the rampant xenophobia at the outbreak of the conflict against England it almost never was called Britain France Russia and their allies to the political doctrines of the day The postcards that profusely illustrate this book show the wide ranging types of propaganda from strident Teutonic imagery myths and legends biting satire and a surprising amount of humor This book is a unique contribution to our understanding of the place of the Zeppelin in Germany s culture and society during the First World War Well recommended for its unique visual and psychological insights Over the Front Perfectly conveys the early optimism of the Zeppelin as both a symbol of national prestige and the weapon which would win the War Donna s Book Blog [Umberto Nobile And the Arctic Search for the Airship Italia](#) Garth Cameron,2017-09-09 By the time it was over eight of the crew and nine rescuers were dead and scores more had been put in harm s way The disappearance and search for the airship Italia was headline news all over the world for months after its last radio message on 25 May 1928 It had reported being to the north east of its base at Kings Bay on the Arctic island of Spitsbergen returning from a long flight to Greenland and the North Pole Ships aircraft and men from many countries converged on Kings Bay to participate in the rescue effort The Italian airship designer and pilot Umberto Nobile had flown to the North Pole and beyond in 1926 He resolved to return to the Arctic with a new airship in 1928 The expedition had geographical and scientific aims but the political environment was also an important motivator Benito Mussolini and his fascist party had come to power in 1922 and a successful expedition to the Arctic would be excellent propaganda **The British National Bibliography** Arthur James Wells,2000 [Stand To!](#) ,2001
