Slave Soldiers Islam The Genesis Of A Military System:

Slave Soldiers and Islam Daniel Pipes,1981 **Slave Soldiers and Islam** Daniel Pipes,1981 De islamiske religiøse idealer medførte at muslimerne ikke gerne engagerede sig i krig eller regeringsanliggender hvorfor de gennem tiderne systematisk skaffede sig udenlandske slaver som blev uddannet og anvendt som professionelle soldater første gang omkring 815-820 f.eks. er det berømte tyrkiske janitscharkorps der bestod af osmanniske elitesoldater skabt i det sene 1300 tal af kristne krigsfanger *Islam's Black Slaves* Ronald Segal,2002-02-09 Traces the history of the Islamic slave trade from its inception in the seventh century through its history in China India Iran Turkey Egypt Libya and Spain **Travellers, Intellectuals, and the World Beyond Medieval Europe** James Muldoon,2017-05-15 As the articles reprinted in this volume demonstrate medieval men and women were curious about the world around them They wanted to hear about distant lands and the various peoples who inhabited them Travellers tales factual such as that of Marco Polo and fictional such as Chaucer's famous pilgrimage entertained audiences across Europe Colorful mappamundi placed in churches illustrated these other lands and peoples for those who could not read Medieval travel literature was not only entertaining however it was also informative generating proto ethnological information about the world beyond Latin Christendom that provided useful guidance for those such as merchants and missionaries who intended to travel abroad Merchants learned about safe travel routes to foreign lands about dangers to be avoided on the roads and at sea about cultural practices that might interfere with their attempts at trade and about products that would be suitable for foreign markets Churchmen read the reports of missionaries to understand the beliefs of Muslims and other non believers in order to debate with them and to learn their languages These articles illustrate how travellers reports in turn shaped the European response to the world beyond Europe and are set in context in the editor's introduction *The Mercenary Mediterranean* Hussein Fancy,2016-03-22 Sometime in April 1285 five Muslim horsemen crossed from the Islamic kingdom of Granada into the realms of the Christian Crown of Aragon to meet with the king of Aragon who showered them with gifts including sumptuous cloth and decorative saddles for agreeing to enter the Crown's service They were not the first or only Muslim soldiers to do so Over the course of the thirteenth and fourteenth centuries the Christian kings of Aragon recruited thousands of foreign Muslim soldiers to serve in their armies and as members of their royal courts Based on extensive research in Arabic Latin and Romance sources *The Mercenary Mediterranean* explores this little known and misunderstood history Far from marking the triumph of toleration Hussein Fancy argues the alliance of Christian kings and Muslim soldiers depended on and reproduced ideas of religious difference Their shared history represents a unique opportunity to reconsider the relation of medieval religion to politics and to demonstrate how modern assumptions about this relationship have impeded our understanding of both past and present **The Pursuit of Power** William H. McNeill,2024-05-31 Reminds us that all humankind has a shared past and particularly with regard to its choice of weapons and warfare a shared stake in the future

Stuart Rochester The Washington Post Book World In this magnificent synthesis of military technological and social history William H McNeill explores a whole millennium of human upheaval and traces the path by which we have arrived at the frightening dilemmas that now confront us McNeill moves with equal mastery from the crossbow banned by the Church in 1139 as too lethal for Christians to use against one another to the nuclear missile from the sociological consequences of drill in the seventeenth century to the emergence of the military industrial complex in the twentieth His central argument is that a commercial transformation of world society in the eleventh century caused military activity to respond increasingly to market forces as well as to the commands of rulers Only in our own time suggests McNeill are command economies replacing the market control of large scale human effort The Pursuit of Power does not solve the problems of the present but its discoveries hypotheses and sheer breadth of learning do offer a perspective on our current fears and as McNeill hopes a ground for wiser action Mr McNeill s comprehensiveness and sensitivity do for the reader what Henry James said that Turgenev s conversation did for him they suggest all sorts of valuable things This narrative of rationality applied to irrational purposes and of ingenuity cannibalizing itself is a work of clarity which delineates mysteries The greatest of them to my mind is why human beings have never learned to cherish their own species Naomi Bliven The New Yorker *Slaves of Sultans* Alan Machado (Prabhu),2015-12-24 *Slaves of Sultans* is a vivid descent into the turbulent period when Eupropean States fought Indian rulers with arms and ideologies for India s riches and people *Studies on the Mongol Empire and Early Muslim India* Peter Jackson,2023-05-31 The first section of this volume brings together five studies on the Mongol empire The accent is on the ideology behind Mongol expansion on the dissolution of the empire into a number of rival khanates and on the relations between the Mongol regimes and their Christian subjects within and potential allies outside Three pieces in the second section relate to the early history of the Delhi Sultanate with particular reference to the role of its Turkish slave ghulam officers and guards while a fourth examines the collapse in 1206 15 of the Ghurid dynasty whose conquests in northern India had created the preconditions for the Sultanate s emergence The final three papers are concerned with Mongol pressure on Muslim India and the capacity of the Delhi Sultanate to withstand it **Slaves and Slavery in Africa** John Ralph Willis,2014-06-03 This Volume One of a series on slaves and slavery in Muslim Africa First published in 1985 it looks at Islam and the ideology of enslavement Slaves of African origin formed a vital thread in the living lines of economic production in the Near and Middle East and formed the cord of economic activity in Islamic Africa itself Slaves sustained the salt pits and date palms of desert societies they worked the spice plantations of the East African littoral became the porters and placemen in the trans Saharan trade and they constituted the entourage the veritable wealth and currency of the notables of Islamic societies *Democracy's Slaves* Paulin Ismard,2017-01-09 Challenging the modern belief that democracy and bondage are incompatible Paulin Ismard directs our attention to ancient Athens where the functioning of civic government depended on skilled knowledgeable experts who were literally public servants slaves owned by the city

state rather than by private citizens
