Slave Women in Caribbean Society 1650-1832 Barbara Bush, 1990 **Slave Women in Caribbean Society, 1650-1838** Barbara Bush, 1990 In this text the author sets forth and then evaluates the images of slave women accumulated in published sources and folklore *Surviving Slavery in the British Caribbean* Randy M. Browne, 2017-06-30 A groundbreaking study of slavery and power in the British Caribbean that foregrounds the struggle for survival Atlantic slave societies were notorious deathtraps In *Surviving Slavery in the British Caribbean* Randy M Browne looks past the familiar numbers of life and death and into a human drama in which enslaved Africans and their descendants struggled to survive against their enslavers their environment and sometimes one another Grounded in the nineteenth century British colony of Barbice one of the Atlantic world's best documented slave societies and the last frontier of slavery in the British Caribbean Browne argues that the central problem for most enslaved people was not how to resist or escape slavery but simply how to stay alive Guided by the voices of hundreds of enslaved people preserved in an extraordinary set of legal records Browne reveals a world of Caribbean slavery that is both brutal and breathtakingly intimate Field laborers invoked abolitionist inspired legal reforms to protest brutal floggings spiritual healers conducted secretive nighttime rituals anxious drivers weighed the competing pressures of managers and the condition of their fellow slaves in the fields and women fought back against abusive masters and husbands Browne shows that at the core of enslaved people's complicated relationships with their enslavers and one another was the struggle to live in a world of death Provocative and unflinching *Surviving Slavery in the British Caribbean* reorients the study of Atlantic slavery by revealing how differently enslaved people's social relationships cultural practices and political strategies appear when seen in the light of their unrelenting struggle to survive

Women and Slavery in the French Antilles, 1635-1848 Bernard Moitt, 2001-11-14 *Women and Slavery in the French Antilles 1635 1848* Bernard Moitt Examines the reaction of black women to slavery In *Women and Slavery in the French Antilles 1635 1848* Bernard Moitt argues that gender had a profound effect on the slave plantation system in the French Antilles He details and analyzes the social condition of enslaved black women in the plantation societies of Martinique Guadeloupe Saint Domingue now Haiti and French Guiana from 1635 to the abolition of slavery in the French colonial empire in 1848 Moitt examines the lives of black women in bondage evaluates the impact that the slave experience had on them and assesses the ways in which women reacted to and coped with slavery in the French Caribbean for over two centuries As males outnumbered females for most of the slavery period and monopolized virtually all of the specialized tasks the disregard for gender in task allocation meant that females did proportionately more hard labor than did males In addition to hard work in the fields women were engaged in gender specific labor and performed a host of other tasks Women resisted slavery in the same ways that men did as well as in ways that gender and allocation of tasks made possible Moitt casts slave women in dynamic roles previously ignored by historians thus bringing them out of the shadows of the plantation world into full view
