Disability Studies Quarterly, 1997 **Mainstreaming Torture** Rebecca Gordon, 2014-04-08 The terrorist attacks of September 11 2001 reopened what many Americans had assumed was a settled ethical question Is torture ever morally permissible Rebecca Gordon argues that institutionalized state torture remains as wrong today as it was before those terrible attacks and shows how U S practices during the war on terror are rooted in a history that includes support for torture regimes abroad and for the use of torture in the jails and prisons of this country Masters of Jazz Saxophone Tony Bacon, Dave Gelly, 2000-12 Book With over 100 color photos and insightful essays written by world class jazz authorities this book illustrates the saxophone's role in jazz from its earliest 1920s roots through today It describes how the sound of jazz has been shaped in the hands of Coleman Hawkins Lester Young Charlie Parker John Coltrane Branford Marsalis Sonny Rollins and many other legendary saxophonists in varying styles It also includes a comprehensive guide to the finest recordings featuring jazz saxophone **Forthcoming Books** Rose Arny, 1997 **Mainstream**, 1997 **Unfree Masters** Matt Stahl, 2013 In *Unfree Masters* Matt Stahl examines recording artists' labor in the music industry as a form of creative work He argues that the widespread perception of singers and musicians as free individuals doing enjoyable and fulfilling work obscures the realities of their occupation Marginal to Mainstream Mary Ruggie, 2004-04-08 Millions of Americans are using complementary and alternative medicine and spending billions of dollars out of pocket for it Why Do the therapies work Are they safe Are any covered by insurance How is the medical profession responding to the growing use of therapies that were only recently thought of as quackery These are some of the many questions asked and answered in this book It describes a transformation in the status of alternative medicine within health care Paving the way toward legitimacy is research currently underway and funded by the National Institutes of Health This research is proving the safety and efficacy of certain therapies and the harm or inefficacy of others While some therapies will remain alternative to conventional medicine others are becoming complementary and still others are busting the boundaries and contributing to a new approach to health and healing called integrative medicine *Masters of the Pearl* Michael Quentin Morton, 2020-09-03 Qatar is a country of spectacular contrasts from pearl fishing its main industry until the 1930s to gas and oil which generate immense wealth today to famously being at the center of both triumph and controversy in recent years for hosting the 2022 FIFA World Cup Almost a lifetime since he grew up in Qatar Michael Quentin Morton writes about the country's colorful past and its astonishing present The book is filled with stories about the people of this land the tribes and the travelers the seafarers and slaves as much a part of Qatar's history as its rulers and their wealth The opaque Arabian world guards its secrets well but *Masters of the Pearl* penetrates the veil to shed light on a country that until now has defied explanation *Digital Marketing Expert Diploma (Master's level)* - City of London College of Economics - 10 months - 100% online / self-paced City of London College of Economics, Overview In this course you will learn all you need to know to become a Digital Marketing
