Antilia Kate Story,2018-06-19 An utterly contemporary exquisitely imagined parallel world fantasy with a deeply satisfying plot and unforgettable characters Holly Bennett author of Redwing It s the near future and the world is on the brink of war The paths of two lonely teens converge caught in an uncontrollable current crashing through time and space

Rowan and Ophelia discover they share a place that's the stuff of childhood dreams. In Antilia there is magic and humans walk alongside minor gods and mythological beings. But all is not what it seems and the two are pulled inexorably into a divided realm. Separated and unable to get home, they find Antilia and Earth's fate are forged together. Antilia: Sword and Song is an epic story of survival and self-discovery. You know a good book as soon as you start it. It sings to you and makes an immediate connection. That's what happened to me with Kate Story's Antilia. I loved everything about the book.

Against the Wind Jim Tilley, 2019-09-24

In this dramatic debut novel about relationships, six individuals' complicated lives are intertwined after a chance reunion. A successful environmental lawyer is forced to take himself to task when he realizes that everything about his work has betrayed his core beliefs. A high school English teacher asks her former high school love to take up her environmental cause. A transgender adolescent male raised by his grandparents struggles to excel in a world hostile to his kind. A French Canadian political science professor finds himself left with a choice between his cherished separatist cause and his marriage and family. An accomplished engineer is chronically unable to impress his more accomplished father sufficiently to be named head of the international wind technology company his father founded. The Quebec separatist party's Minister of Natural Resources, a divorcee, finds herself caught between her French Canadian lover and an unexpected English Canadian suitor.

Praise for *Against the Wind*: An intricate and elegantly compelling novel, notable for both its political and personal acuity. Jim Tilley writes with deep feeling for his characters and great command of his fascinating materials. Peter Ho Davies, author of *The Fortunes*. The writing is brilliant and economical, especially about the environment, and there's all sorts of information here for the taking, but essentially this is a novel of character. And a very good one. Library Journal. Tilley handles decades-long character arcs with empathy, resulting in a resonant and humanistic novel. Kirkus Reviews.
