Emperor: The Gates of Rome Conn Iggulden,2009-06-23 A brilliant Los Angeles Times novel of ancient Rome a realm of tyrants and slaves of dark intrigues and seething passions and the early years of Julius Caesar the man who would become the most powerful ruler on Earth An absorbing portrait of ancient Roman life and history well written and full of suspense even for those who know the ending Kirkus Reviews In a city of grandeur and decadence beauty and bloodshed two boys best friends dream of glory in service of the mightiest empire the world has ever known One is the son of a senator The other is a bastard child As young Gaius and Marcus grow to manhood they are trained in the art of combat under the tutelage of one of Rome s most fearsome gladiators For Marcus a bloody campaign in Greece will become a young soldier s proving ground For Gaius the equally deadly infighting of the Roman Senate will be the battlefield where he hones his courage and skill And for both the love of an extraordinary slave girl will be an honor each will covet but only one will win But as Rome is thrust into the grip of bitter conflict as every Roman prepares to take sides in the coming battle Gaius and Marcus s friendship will be put to the ultimate test With Emperor The Gates of Rome Conn Iggulden presents a grand romantic tale of coming of age in the Roman Empire and a vibrant portrait of the early years of a man who would become one of the most influential rulers in ancient history Julius Caesar Ancient Rome comes to vivid life in Conn Iggulden s Emperor series THE GATES OF ROME THE DEATH OF KINGS THE FIELD OF SWORDS THE GODS OF WAR THE BLOOD OF GODS The Audubon Society

Avise,2014-05-27 Award winning geneticist John C Avise guides this delightful voyage around the planet in search of answers to nature s mysteries He demonstrates how scientists directly examine DNA to address long standing questions about wild animals plants and microbes Through dozens of stories that span the world nature emerges as a realm where truth can be far stranger than fiction From a 100 ton mushroom to egg swapping birds extinct ground sloths to microbes inside our bodies Avise examines a cornucopia of natural history topics and explains how today s modern genetic techniques offer novel insights Do armadillo litters really contain clones When is a fig tree not

just a single tree Where have migratory whales traveled Who are the mothers of the embryos carried by pregnant male seahorses What insect was the world s earliest farmer How closely related are Neanderthals to modern humans Answers to these and many more questions are presented here in a straightforwad manner that reveals Avise s enthusiasm for uncovering nature s hidden ways Each entry is accompanied by a beautiful illustration from Trudy Nicholson widely recognized as one of today s leading nature artists

Wallace Marshall Frady,2009-06-03 A sensitive informed and funny feat of high journalism that is a classic of the kind The New York Times Book Review Wallace is a classic portrait of one of the century s most fiery and controversial political figures Initially conceived as a novel Marshall Frady s biography of George Wallace retains the narrative force and descriptive powers of fiction Elizabeth Hardwick noted on Wallace s first publication in 1968 There is a palpable Faulknerian mood to the reporting and The New Republic observed Frady has established new standards in political biography This is a wonderfully crafted depiction of a seminal figure whose influence altered the course of national politics

Night of the Wolf Alice Borchardt,2002-03-05 The Silver Wolf Alice Borchardt s acclaimed novel of a shapeshifter s struggle to survive as woman and wolf amid the Dark Ages announced the arrival of a ferociously gifted writer Now with her masterful weaving of adventure history and magic Borchardt delves deeper into the shape shifter legend and brings an earlier more savage time brilliantly to life The fearsome legions of Julius Caesar have crushed resistance to Roman rule The power of the druids is broken the shattered tribes retreating to the dubious safety of the high mountains or fleeing north into lands as inhospitable as those left behind Watching all the while through yellow eyes afire with curiosity and intelligence is Maeniel a gray wolf who is also a man This is not the Maeniel of The Silver Wolf Not the mature shapeshifter secure in his dual nature whose hard won wisdom is the equal of his preternatural strength and passion That Maeniel will not exist for another eight hundred years Now he is a stranger to his human half his reason chained to instinct Yet as the ancient civilization of the Gallic tribes is systematically destroyed around him a new Maeniel is about to be born from the ruins It begins with a woman She is Imona young proud beautiful The sight of her fills Maeniel with unfamiliar feelings and desires triggering his transformation from wolf to man In her arms he learns for the first time what it means to love It is a knowledge that will change him forever For when Imona vanishes following a Roman massacre Maeniel begins to learn a very different lesson Following Imona s trail as wolf and man Maeniel is himself pursued by a warrior woman sworn to kill him She is Dryas a queen without a kingdom But the two adversaries will prove to have much in common And the hunt upon which they embark will lead them farther than they can imagine to the gates of Rome itself To the gates of their very souls With *Night of the Wolf* Alice Borchardt has given us another triumph of soaring imagination and adventure By turns lyrical sensuous and violent hers is a vision of the past that will stir both heart and mind Her writing will possess you like a fever and haunt you like a voluptuous dream
