The New Dictionary of Cultural Literacy Eric Donald Hirsch, Joseph F. Kett, James S. Trefil, James Trefil, 2002 Provides information on ideas concerning people places ideas and events currently under discussion including gene therapy NAFTA pheromones and Kwanzaa Swallows, Amazons and Coots Julian Lovelock, 2016-09-29 In 1929 Arthur Ransome 1884 1967 a journalist and war correspondent who was on the books of MI6 turned his hand to writing adventure stories for children The result was *Swallows and Amazons* and eleven more wonderful books followed spanning in publication the turbulent years

from 1930 to 1947 They changed the course of children's literature and have never been out of print since In them Ransome creates a world of escape so close to reality that it is utterly believable a world in which things always turn out right in the end Yet Swallows Amazons and Coots shows that to be properly appreciated today the novels must be read as products of their era inextricably bound up with Ransome's life and times as he bore witness to the end of Empire and the dark days of the Second World War In the first critical book devoted wholly to the series Julian Lovelock explores each novel in turn offering an erudite assessment of Ransome's creative process and narrative technique and highlighting his contradictory politics his defence of rural England and his reflections on colonialism and the place of women in society Thus Lovelock demonstrates convincingly that despite first appearances the novels challenge as much as reinforce the pervading attitudes of their time Written with a lightness of touch and enlivened by Ransome's own illustrations Swallows Amazons and Coots is both fresh and nostalgic It will appeal to anyone who has enjoyed the world of Swallows and Amazons and there is plenty here to challenge both the student and the Ransome enthusiast [Children's Books in Print, 2007](#) ,2006 [The People We Meet in Stories](#) Robert McParland,2020-10-20 Novels bring us into fictional worlds where we encounter the lives struggles and dreams of characters who speak to the underlying pulse of society and social change In this book post World War II America comes alive again as literary critic Robert McParland tilts the rearview mirror to see the characters that captured the imaginations of millions of readers in the most popular and influential novels of the 1950s This literary era introduced us to Holden Caulfield Augie March Lolita and other antiheroes Together with popular culture heroes such as Perry Mason and James Bond they entertained thousands of readers while revealing the underlying currents of ambition desire and concern that were central to the American Dream Ralph Ellison's Invisible Man and James Baldwin's Go Tell It on the Mountain and Giovanni's Room explored racial issues and matters of identity that reverberate still today The works of Jack Kerouac the Beat poets Allen Ginsberg and Gregory Corso and the clever and creative William S Burroughs and his Naked Lunch challenged conventional perspectives The People We Meet in Stories will appeal to readers discovering these works for the first time and to those whose tattered paperbacks reveal a long relationship with these key works in American literary history
