So What Do You Think Provocative Essays For Christians Who Think:

Dare to Be Dogmatic Larry L. Long, 2020-02-07 Today's modern Christian often struggles with overwhelming issues and questions at home at work in the marketplace and within the depths of his or her own soul. Often these issues come in the form of attacks against positions we take when we speak God's truth into the lives of our loved one or our places of work. Many Christians have been trained to dialog with unbelievers on the big issues of apologetics but few have been equipped with the less weighty but no less troublesome issues of everyday life. *Dare to Be Dogmatic* was written in the format of short essays to equip the reader in thinking through many of these issues. Many topics are covered that will prepare the reader to give an answer and a reason for the hope that is ours in Christ Jesus. 1 Peter 3:15. Some essays are fun, some a bit frivolous but all have a point rooted in a Judeo-Christian and biblical worldview.

So They Say Robert H. Mounce, 2014-09-30 A good quotation states an insight so shrewdly that not only do you get it but you can't seem to forget it. It loves to make you slow down and savor truth. These neat little extended metaphors deserve to be heard, examined, and challenged. Quotations present truth in capsule form. Many reflect the wisdom of earlier times; others bring insights that are fresh and contemporary. Some support the status quo; others challenge it. *So They Say* is a collection of more than seventy quotes along with author Robert Mounce's reflections on how they relate to the real world. This interaction turns out to be a battle of worldviews for as Mounce explains, he could never embrace philosophical materialism because his experience of reality demands something outside of stuff he wants to know where the DNA of the very first living cell came from and he dissects each quotation accordingly. By approaching each quotation from this supernaturalist point of view, Mounce's *So They Say* invites you to read, reflect, and enjoy the journey.

Centuries of Holiness Richard Valantasis, 2005-02-18 Richard Valantasis brings us a guide to the spiritual life for the smart seeker who wants to be fully attuned to God, interactive with other believers, connected to the wider world in which humans live, engaged with the physical universe, committed to service to the poor and disenfranchised, and finally postmodern. Adopting a literary device first used in the fourth century by the Desert Father Evagrius Pontikos, Richard Valantasis offers a century of spiritual texts, a hundred short essays from 800 to 900 words on a hundred spiritual themes. Believing that tradition is the action of the Holy Spirit making available the wisdom of the past in a new idiom, and at a time Valantasis moves from the premodern spiritual world of the Christian tradition to the postmodern realities of our current world and back again. Sample entries: Conversion, Sanctification, Incarnate Living, Discernment, Divine Indwelling, Union with God, Ennui, Progress, Holy Dying, Habitual Prayer, Thorns and Impediments, Praying the Body, Spiritual Direction, Emotional Ecology, Seeing Double, The Body Transparent, Temptation, Consolations, The Devil, Visions of Deification, Humility.

On the True Nature of the Soul: Essays for the Seriously Curious Robert Colacurcio, 2017-02-16 This book is a compilation of essays written mostly to family members and friends in response to their questions and comments to my other books. These essays were written in over a period of two years and can be read singly although I have grouped them to

try to achieve a cumulative effect Many people seem satisfied with the childhood information about the soul that they carry into adulthood Some people just find the subject beyond them even though the soul is their most intimate companion Everyone agrees that proper feeding requires accurate information about the animal or person being fed and yet the spiritual nurture of the soul is not examined with the same critical eye Much that I have to say therefore has to do with the proper feeding of the soul based on a critical examination of the true nature of the soul As in all my books I am indebted to the methods of examination from the Buddhas spiritual technology toolkit

Wagner Outside the Ring John Louis DiGaetani, 2009-10-21 Designed as a companion volume to 2006 s Inside the Ring which focused on the four operas comprising Richard Wagner s Der Ring des Nibelungen this new volume features more than a dozen original essays focusing on all of Wagner s non Ring operas Part One looks at the individual operas including Der Fliegende Hollander Tannhauser Lohengrin Tristan und Isolde Die Meistersinger von Nurnberg and Parsifal Part Two reveals the connections between Wagnerian opera and other arts including dance filmmaking and fiction Finally Part Three examines Wagner s operas in performance featuring interviews with mezzo soprano Michelle DeYoung and heldentenor Ben Heppner both well known for their Wagnerian performances The book includes many photographs from current productions by the Metropolitan Opera and other opera companies along with bibliographies and a discography of recommended performances

Exploring Christian Mission Beyond Christendom: United Methodist Perspectives Michael G. Cartwright, 2010

Essays on Religion and Education Richard Mervyn Hare, 1998 R M Hare one of the most widely discussed of today s moral philosophers here presents his most important essays on religion and education in which he brings together the theoretical and the practical The book opens with an exposition of his ideas on the meaning of religious language There follow several essays theoretical and practical on the relations between religion and morality which have deep implications for moral education The central question addressed in the rest of the volume is how children can be educated to think for themselves freely but rationally about moral questions and Professor Hare examines the effects on society of failure to achieve this He argues that those who want to dispense with morality are in effect resigning from a vital educational task Attitudes to euthanasia and to equality of educational opportunity are taken as examples of how our thinking can go wrong The former Professor of Moral Philosophy at Oxford has brought together a collection of papers exploring with his customary clarity of thought and elegance of expression the light which moral philosophy can shed on certain religious and educational questions it is illuminating to follow an eminent philosopher at work on matters of great practical importance and in prodding theologians to think more clearly Church Times a cogent and compelling vision enunciated with all the intelligence elegance and vigour for which Hare is justly renowned Times Literary Supplement All the essays are a delight to read clear succinct precisely expressed and devoid of technical jargon The collection will be welcomed by philosophers of education Theology an important resource for persons interested in clarifying the language of moral education in a religiously pluralist society

Religious Studies Review admirably clear and straightforward | Journal of the American Academy of Religion It is a pleasure to receive for review a book by someone who is palpably expert in a particular discipline and able to deploy that discipline on topics which have a demonstrably practical relevance to education Most books satisfy neither criterion this one satisfies both Add Hare's well known clarity of style and presentation and we have something really worth reading Oxford Review of Education

Natural Law and Evangelical Political Thought Jesse Covington, Bryan T. McGraw, Micah Watson, 2012-11-16

Natural law has long been a cornerstone of Christian political thought providing moral norms that ground law in a shareable account of human goods and obligations Despite this history twentieth and twenty first century evangelicals have proved quite reticent to embrace natural law casting it as a relic of scholastic Roman Catholicism that underestimates the import of scripture and the division between Christians and non Christians As recent critics have noted this reluctance has posed significant problems for the coherence and completeness of evangelical political reflections Responding to evangelically minded thinkers increasing calls for a re engagement with natural law this volume explores the problems and prospects attending evangelical rapprochement with natural law Many of the chapters are optimistic about an evangelical re appropriation of natural law but note ways in which evangelical commitments might lend distinctive shape to this engagement

Disrupting Time Stanley Hauerwas, 2004-08-24 We are told time after time September 11 2001 has forever changed our lives Disrupting Time however is not about September 11 2001 Disrupting Time is about the disruption of time by a time named Jesus Thus my contention that Christians do not believe that September 11 2001 changed the world because the world was changed in 33 A D We that is Christians believe we can only know what happened on September 11 2001 because God acted decisively on behalf of the world in 33 A D From the Introduction

Yale Companion to Jewish Writing and Thought in German Culture, 1096-1996 Sander L. Gilman, 1997-01-01 This work provides a history of Jewish writing and thought in the German speaking world Written by 118 scholars in the field the book is arranged chronologically moving from the 11th century to the present Throughout it depicts the contribution that Jewish writers have made to German culture and at the same time explores what it means to the other within that mainstream culture
