Rejecting the Marginalized Status of Minority Languages Ari Sherris,Susan D. Penfield,2019-11-20 This book explores Indigenous tribal and minority ITM language education in oral and or written communication and in the use of new technologies and online resources for pedagogical purposes in diverse geopolitical contexts It demonstrates that ITM language education transpires in both formal and informal spaces for children or adults and that sometimes these spaces are online where they become de territorialized discourses of teaching and learning The volume brings together examples of ITM language education that are challenging the forces that flatten languacultures into artefacts of history It also examines the economic and material realities of the people who live in and through their languacultures or who aspire to do as much The book will be useful for educators and all those interested in Indigenous and minority language issues as well as for a wide range of undergraduate graduate and research contexts where topics of language education and minority rights are the focus

Pilgrims, Patrons, and Place Phyllis Granoff,Koichi Shinohara,2011-11-01 UBC Press is pleased to announce a new series in Asian religions Pilgrims Patrons and Place a Buddha Dharma Kyokai Foundation Book on Buddhism

and Comparative Literature is the first book in this series [Click here to see other titles in this series](#) This book brings together essays by anthropologists scholars of religion and art historians on the subject of sacred place and sacred biography in Asia The chapters span a broad geographical area that includes India Nepal Thailand Indonesia and China and explore issues from the classical and medieval period to the present They show how sacred places have a plurality of meanings for all religious communities and how in their construction secular politics private religious experience and sectarian rivalry can all intersect The contributors explore some of the most fundamental challenges that religious groups face as they expand from their homeland or confront the demands of modernity In every case the biography of a saint or founding figure proves to be central to the formation of religious identity Sacred place becomes a means of concretizing the ever expanding sphere of the saint s influence While some chapters deal with well known religious movements and sites others discuss little known groups and help to enrich our understanding of the diversity of religious belief in Asia The book will be of interest not only to scholars of Asian religion and hagiography but to others who seek to understand the ways in which religious groups accommodate to the challenges of new environments and new times [Subject Guide to Books in Print](#) ,1996
