Social And Economic Factors Affecting Morality Confluence 5

Michael D. Gordin, W. Patrick McCray

Social And Economic Factors Affecting Morality Confluence 5:

Medical and Health Care Books and Serials in Print, 1997 **Greedy Science** Michael D. Gordin, W. Patrick McCray, 2025-02-18 The authors in this edited collection of essays explore this particular attribute greed by looking how it informed intersected and interlaced with science and technology and scientists and technologists during the 1980s During this decade greed although undeniably present in earlier eras became an extensive expansive and at times explicit characteristic of science both in the United States and around the world 3 The global scientific community was reshaped in a multitude of ways large and small by money fame and the pursuit of celebrity **The Korean Tradition of Religion, Society, and Ethics** Chai-sik Chung, 2016-11-10 By making Korea a central part of comparative history of East Asian religion and society this book traces the evolution of Korean religion from the oldest representation to that of the current day by utilizing wide ranging interdisciplinary and comparative resources This book presents a holistic view of the enduring religious tradition of Korea and its cultural and social significance within the wider horizons of modern and globalizing changes Reflecting nearly five decades of the author's work on the subject it presents an understanding of the main current in Korean religion and social thought throughout history It then goes on to examine discourses on values and morality involving the relationship between religion and society in particular the human meaning of economy and society which is one of the most central and practical problems in the contemporary world with global relevance beyond Korea and Asia Addressing the overview of the Korean religious tradition in the context of its impact on the making of modern society and economy this book will appeal to students and scholars of Religious Studies Korean Studies and Asian Studies **The Emerald Handbook of Ethical Finance and Corporate Social Responsibility** Ahmed Imran Hunjra, Khaled Hussainey, 2024-05-06 The term ethical finance refers to finance that considers environmental social and governance ESG aspects influencing a borrower and or its possessions The authors provide a fresh look at ESG aspects along with CSR implementation for sustainable development which has global and long term repercussions *The Politics of Provisions* John Bohstedt, 2016-02-24 The elemental power of food politics has not been fully appraised Food marketing and consumption were matters of politics as much as economics as England became a market society In times of dearth concatenations of food riots repression and relief created a maturing politics of provisions Over three centuries some eight hundred riots crackled in waves across England Crowds seized wagons attacked mills and granaries and lowered prices in marketplaces or farmyards Sometimes rioters parleyed with magistrates More often both acted out a well rehearsed political minuet that evolved from Tudor risings and state policies down to a complex culmination during the Napoleonic Wars Provision politics thus comprised both customary negotiations over scarcity and hunger and negotiations of the social vessel through the turbulence of dearth Occasionally troops killed rioters or judges condemned them to the gallows but increasingly riots prompted wealthy citizens to procure relief supplies In short food riots worked in a sense they were a first draft of the welfare state This pioneering

analysis connects a generation of social protest studies spawned by E P Thompson's essay on the moral economy with new work on economic history and state formation The dynamics of provision politics that emerged during England's social economic and political transformations should furnish fruitful models for analyses of total war and famine as well as broader transitions elsewhere in world history

Ethics and Human Nature Hector Davidson, This book bundle contains these titles Baruch Spinoza Camus Ren Descartes Michel Foucault Hannah Arendt Learn more about these philosophers now

Handbook of Aging and the Social Sciences Linda George, 2010-11-26 Handbook of Aging and the Social Sciences Seventh Edition provides extensive reviews and critical evaluations of research on the social aspects of aging It also makes available major references and identifies high priority topics for future research The book is organized into four parts Part 1 reviews developments in the field of age and the life course ALC studies and presents guidelines on conducting cohort analysis Part 2 covers the demographic aspects of aging longevity trends disability and aging and stratification and inequality research Part 3 includes chapters that examine socioeconomic position and racial ethnic disparities in health at older ages the role of social factors in the distribution antecedents and consequences of depression and aspects of private wealth transfers and the changing nature of family gift giving Part 4 deals with pension reform in Europe the political activities of older Americans the future of retirement security and gender differences in old age The Handbook is intended for researchers professional practitioners and students in the field of aging It can also serve as a basic reference tool for scholars professionals and others who are not presently engaged in research and practice directly focused on aging and the aged Contains all the main areas of social science gerontological research in one volume Begins with a section on theory and methods Edited by one of the fathers of gerontology Binstock and contributors represent top scholars in gerontology

Global Mental Health Ethics Allen R. Dyer, Brandon A. Kohrt, Philip J. Candilis, 2021-05-22 This volume addresses gaps in the existing literature of global mental health by focusing on the ethical considerations that are implicit in discussions of health policy In line with trends in clinical education around the world today this text is explicitly designed to draw out the principles and values by which programs can be designed and policy decisions enacted It presents an ethical lens for understanding right and wrong in conditions of scarcity and crisis and the common controversies that lead to conflict Additionally a focus on the mental health response in post conflict settings provides guidance for real world matters facing clinicians and humanitarian workers today Global Mental Health Ethics fills a crucial gap for students in psychiatry psychology addictions public health geriatric medicine social work nursing humanitarian response and other disciplines

Issues in Business Ethics and Corporate Social Responsibility SAGE Publishing, 2020-03-19 One need only look at the news to be bombarded with examples of corporate malfeasance and the impact such behavior has on a company's public image customers employees and bottom line And while these stories grab the headlines some companies are adopting practices that display awareness of their impact on the globe whether that be to the environment its employees and suppliers

or communities in which they do business What factors are leading to these decisions What are the benefits and costs of making ethical business decisions and acting in a socially responsible way however one defines it Issues in Business Ethics and Corporate Social Responsibility explores these foundational themes across a wide range of topics including artificial intelligence workplace surveillance supply chain management big data the finance industry and many more Coupled with a broad introduction by Dr David Weitzner a professor of management at York University this book provides students with the essential information they need to assess business practices through the lens of ethical decision making and corporate social responsibility

Humanistic Ethics in the Age of Globality C. Dierksmeier, W. Amann, E. Von Kimakowitz, H. Spitzeck, M. Pirson, Ernst Von Kimakowitz, 2016-01-20 Cultures and moral expectations differ around the globe and so the management of corporate responsibilities has become increasingly complex Is there however a humanistic consensus that can bridge cultural and ethnic divides and reconcile the diverse and contrary interests of stakeholders world wide This book seeks to answer that question
