Social Assistance Dynamics In Europe:

Social assistance dynamics in Europe Saraceno, Chiara, 2002-01-30 Throughout Europe income support for the poor has become highly controversial. It is often assumed to be not the answer to but the cause of social exclusion and is increasingly believed to give rise to welfare dependency. This book contributes to a more complex understanding of welfare state regimes and welfare recipients in contemporary Europe. Describing social assistance careers in different national and urban contexts, it documents the strong interplay between personal biographies and policy patterns, a particularly useful perspective which complements the more structural top down approach of much international work in social policy. Social assistance dynamics in Europe is unique in comparing a range of northern and southern European countries: Sweden, Germany, France, Italy, Spain, and Portugal, in its focus on the actual working of their policies, their set of actors, cultural background, implementation, etc. and in its methodological approach which combines longitudinal analysis with qualitative research. Academics and students of welfare and poverty, policy makers and social policy evaluators in the public, private, and non-profit sectors will find this book invaluable.

Social Assistance Dynamics in Europe Chiara Saraceno, 2002-01-30 Describing social assistance careers in different national and urban contexts, this innovative book documents the strong interplay between personal biographies and policy patterns, a particularly useful perspective which complements the more structural top down approach of much international work in social policy.

The Responsiveness of Social Policies in Europe Fenger, Menno, van der Steen, Martijn, 2013-09-18 Modern welfare states are confronted with a wide variety of social and economic developments including individualization, secularization, globalization, and changing preferences and ideologies of citizens. Using in-depth analysis gathered over 15 years, this book closely analyzes the consequences of these significant changes for social policies, offering theoretical and practical insights about their responsiveness. It includes a comparative analysis of recent developments in social assistance, sheltered work, and labour market policies in the Netherlands, showing how policy makers are continually trying to incorporate societal transformations into social policies while being obstructed by the path-dependent development of welfare state institutions. The insights from the case studies are related to developments in other European countries in the areas of social assistance, sheltered work, and labour market policies and show how policy makers and politicians deal with multiple challenges, interests, and perspectives on social policies. This book is essential reading for academics and students interested in the institutional development of social policies.

Ideas and Welfare State Reform in Western Europe P. Taylor-Gooby, 2005-08-02 The new welfare settlement in Europe involves a re-direction of policy in the context of a unified market and currency system and of more stringent economic competition. Realignment of the policy assumptions and goals of the key actors is central to this process. This book reviews the main policy paradigms and analyzes the processes whereby they have changed in the most salient policy areas and is based on recent interviews with more than two hundred and fifty senior policy actors in seven West European countries.

The Italian

Welfare State in a European Perspective Ugo Ascoli,Emmanuele Pavolini,2016-06-01 There is a need to understand the Italian welfare state but as yet it has received little academic research attention The Italian Welfare State in a European Perspective is the first book to explore the evolution of Italy s welfare state in the decades since the Trente Glorieuses 1945 75 It offers a rare overview and analysis of the Italian situation based on an in depth study of the main social policy fields including education higher education and taxation policies a detailed analysis of the connection between policies and their outputs outcomes and a comparative perspective framing the Italian case within the European context This is the first English language book to take a comparative look at the Italian welfare state as a whole since the 2008 economic crisis It will be a valuable resource for academics and researchers as well as students [Combating Poverty in Local Welfare Systems](#) Alexandru Panican,Håkan Johansson,2016-07-12 This book analyzes national anti poverty measures at a local level via a set of unique and up to date empirical studies of minimum income support schemes and activation measures in five European cities In examining this local welfare system approach it investigates the role that civil society organizations play and the governance arrangements that prevail in contacts between public and civil society actors in local anti poverty strategies The current financial and economic crisis has caused increasing levels of poverty and unemployment and put national minimum income protection schemes under severe strain Combating Poverty in Local Welfare Systems therefore represents a timely and important intervention in the political and scientific debates as to whether more local welfare is the solution to the challenges facing European welfare states **Handbook of European Social Policy** Patricia Kennett,Noemi Lendvai-Bainton,2017-08-25 This Handbook will comprise of 29 original pieces from key contributors to the field of European social policy It is intended to capture the state of the art in European social policy and to generate and contribute to debates on the the future of European social policy in the 21st Century It will be a comprehensive and authoritative resource for research and teaching covering themes and policy areas including social exclusion pensions education children and family as well as mobility and migration multiculturalism and climate change **Making it personal** van Berkel, Rik,Valkenburg, Ben,2007-02-28 Public social services are increasingly being individualised in order to better meet the differentiated needs of competent and independent citizens and to promote the effectiveness of social interventions This book addresses this development focusing on a new type of social services that has become crucial in the modernisation of welfare states activation services The book discusses and analyses the individualisation of activation services against the background of social policy reforms on the one hand and the introduction of new forms of public governance on the other Critically discussing the rise of individualised social services in the light of various theoretical points of view it analyses the way in which activation and the active subject are presented in EU discourse It compares the introduction of individualised activation services in five EU welfare states the UK Germany Italy Finland and the Czech Republic focusing on official policies as well as policy practices The book provides original insights into the phenomenon of the individualised provision of

activation services It is useful reading for policy makers as well as for students and researchers of welfare states social policies and public governance Framing Welfare Recipients in Political Discourse Lenka Kissová, 2021-07-08 This book explores the shift towards individual responsibility that is increasingly evident in welfare systems across the world The book will be of interest to students and scholars across sociology social policy and political science with a particular focus on migration minorities political discourse securitisation social justice and human rights This book offers a compelling read analysing how workfare is legitimated in the Central European context through the innovative metaphor of political farming The analytical framework brings together several distinct streams of theorizing critical discourse studies critical security studies governmentality boundary making and the dynamics of ethnic relations seamlessly and effectively Through a very nuanced discursive analysis Kissov shows how the poor the offenders and the unadaptable categories policymakers use to talk about material need recipients are linked pathologically with criminality abuse of the system and other negative perceptions This is a must read text for anyone interested in how political actors justify questionable legislation that cements inequality in today's neoliberal milieu B Nadya Jaworsky Associate Professor Sociology Masaryk University Czech Republic Lenka Kissov's book is clearly written and carefully researched Her interdisciplinary insight and discursive analysis of parliamentary debates on Slovak workfare policies illustrates the deliberate precise and politicized collocation of Roma marginalization and economic disadvantage in a manner that starkly illustrates systemic racism dressed up as morally necessary regulatory reform Moreover her research has broader comparative and methodological relevance given how she layers in and utilizes governmentality securitization and legitimation theory unmasking how neoliberal economic assumptions and dog whistle politics woven into the speech of politicians works to demonize recipients as real or potential cheats and criminals enact further social exclusion and heighten inequality and fear while not so subtly promoting existing prejudices Her overarching metaphor that of parliamentarians engaging in political farming where their ideas seed and take root in fertile soil of the national landscape resulting in regulatory products effectively demonstrates how social reality generally and state regulation specifically can be constructed divorced from actual evidence a process beyond her specific case and critically relevant to our times Barbara J Falk Professor Department of Defence Studies Canadian Forces College Royal Military College of Canada Fellow Centre for European Russian and Eurasian Studies University of Toronto Canada Cities of Europe Yuri Kazepov, 2011-07-15 Cities of Europe is a unique combination of book and CD ROM examining the effects of recent socio economic transformations on western European cities A unique combination of book and CD ROM examining the effects of recent socio economic transformations on western European cities Focuses on the interplay between segregation social exclusion and governance issues in these cities Takes a comparative approach by highlighting the specifics of European cities vis vis other urban contexts and analysing the intra European differences The CD ROM features a series of 2 000 photographs from seventeen cities Amsterdam Antwerp Barcelona Berlin Birmingham Brussels Bucharest Helsinki
