Social Care And Social Exclusion:

Social Care and Social Exclusion T. Blackman,S. Brodhurst,J. Convery,2001-01-19 This book explores the diversity of social care provision for older people in six contrasting European countries Using a common descriptive and analytical framework the book examines how the organisation and delivery of care are shaped by the wider welfare regime This is discussed at the level of both practice and policy including detailed case studies illustrating key features of social care in each country The authors conclude by showing how the concept of social exclusion can inform service development

Social Work and Social Exclusion Michael Sheppard,2021-08-29 Social exclusion is a subject of major importance in contemporary social work and has been a core feature of social policy developments in the UK and Europe in the past decade Michael Sheppard argues that the issue of social exclusion lies at the very heart of social work and he examines the implications of this position for both theory and practice He goes on to examine a range of key topics in social work including Social work values and knowledge Empowerment Need The exercise of authority Authority and Choice Evidence based practice Reflection and reflective learning Judgement and decision making Social work and art Social work as science He discusses how each of these topics reflect an underlying concern with social exclusion making it clear that even though the term social exclusion is of recent origin it provides a framework for understanding the enduring themes of social work The book offers an original contribution to the understanding and practice of social work and includes a reappraisal of some fundamental aspects of the profession and its practice In its focus on issues of wide concern it will be essential reading for practitioners and students in social work It will also be of interest within social policy generally offering an example of the way in which social exclusion becomes an issue of professional concern in welfare and the form this takes in practice

Vulnerable Groups in Health and Social Care Mary Larkin,2009-06-04 Carefully researched and highly readable this textbook looks at the experiences and health and social needs of key vulnerable groups It presents an engaging social science perspective relevant to everyone exploring how we and society care for the vulnerable Each chapter defines and explores a vulnerable social group bringing together theoretical policy and practice perspectives The lively and engaging style enables the reader to engage with the client group and to reflect upon their own learning and practice in a more meaningful way

Social Care and Housing Ian Shaw,David Clapham,1998 Drawing out the implications for policy and practice from the latest research in housing and social work this volume illustrates the lack of communication between practitioners that is hindering service provision and provides suggestions for improving current practice The contributors examine the relationship of such factors as youth gender race education poverty health social exclusion and housing developments to the provision of housing for those in need Social workers have many clients including young people leaving care offenders people with disabilities or mental health problems and those at risk of domestic violence for example who require intervention on their behalf to meet their housing needs Social Care and Housing argues that professionals need to be aware of the role of

wider social problems in particular poor housing in reinforcing the deprivation of the lowest income groups that form the bulk of service users The contributors suggest that raising the profile of housing and welfare research within the social services and encouraging practitioners and educators to introduce a broader social context into practice would improve understanding of the relationship between housing and social care They also examine strategies for formulating coherent responses to client problems and explore the development of practice at the boundaries of social care and housing *Social Work, Poverty and Social Exclusion* Dave Backwith, 2015-04-16 What do we mean by the terms poverty and social exclusion in 21st century Britain What impact do continuing austerity measures have on low income families How can social workers support and empower service users to escape poverty An understanding of social division social exclusion and poverty is fundamental to the ethos of social work This book relates poverty and social exclusion to social work practice offering a fresh approach to the challenges social workers face in helping clients out of poverty The book begins by examining the challenges posed by growing poverty set against cuts in services and tightening eligibility criteria The book argues that the impact social exclusion and poverty has on service user s lives requires social workers to gain a greater awareness of both concepts and their relationship to social work practice Chapters consider topical issues such as the role poverty plays in child protection issues and the dilemmas social workers face in working with asylum seekers A theme of the book is inequalities in health that most service users suffer more illness disability and premature death because they are poor and excluded Focused on what social workers can do in their practice to address social exclusion the book supports students in developing relationship based and community oriented approaches that can actively alleviate poverty Key features of the book include Numerous quotations and vignettes give insights into social workers and service users real experiences What Do You Think exercises encourage students to actively engage with the issues and think critically about their understanding of poverty Reflective questions are included to spark lively debate around ethics beliefs and values This book is essential reading for undergraduate and postgraduate social work students at all levels It will also be a key resource for sociology and social policy students seeking an understanding of poverty Dave Backwith s new book should be required reading for every social work student as well as by managers policy makers and experienced practitioners Paul Bywaters Professor of Social Work Coventry University Dave Backwith provides social work with a strong values based argument for politically engaged practice to address poverty and social exclusion The book is informed by ecological and health inequalities perspectives and with chapters on children and families older people and mental health should be essential reading for all social workers Kate Karban Senior Lecturer in Social Work University of Bradford Co convenor Social Work and Health Inequalities Network 2010 2014 This book provides a comprehensive review of theory research and policy on poverty and social exclusion It identifies the forces which have narrowed social work s responses to poor people and how practice could become more generous and imaginative Bill Jordan Professor of Social Work Plymouth University UK Dave Backwith has successfully

argued that social workers need to practice with a full appreciation of the impact of poverty and social exclusion on the people who need their assistance This is as he argues essential for all areas of social work His book therefore represents essential reading for all connected to the delivery of social work students practitioners and managers alike Mark Lymbery University of Nottingham UK Innovations in Older Adult Care and Health Service Management: A Focus on the Asia-Pacific Region Madhan Balasubramanian,Angie Shafei,Zhanming Liang,2024-02-14 Population aging is a consistent global demographic trend The growth in both the size and proportion of older adults has threatened the sustainability of health systems in meeting healthcare needs of the population Countries in the Asia Pacific Region may face even more complex health system challenges due to the diversity in culture management and leadership styles composition of health service provision investment in research infrastructure and innovation adaptation data availability and gaps in information technology The Asia Pacific is home to more than half of the world s population and comprises countries across five Asia Pacific subregions East and North East Asia North and Central Asia Pacific South East Asia South and South West Asia The economies are diverse including six high income countries such as Australia Brunei Japan New Zealand South Korea and Singapore low income countries Nepal and North Korea and middle income countries The region also includes some of the fastest growing economies in the world including China India Malaysia Thailand Indonesia and the Philippines **Tackling Poverty and Social Exclusion** John H. Pierson,2016-04-20 In our highly unequal Britain poverty and social exclusion continue to dominate the lives of users of social work and social care services At the same time spending cuts and welfare reform have changed the context within which services are delivered The third edition of this unique textbook seeks to capture the complexity and diversity of practice relating to social exclusion as social workers adapt to this challenging environment Tackling Poverty and Social Exclusion prepares practitioners to engage directly with the social and personal circumstances facing excluded individuals and their families The volume Explains the development of the concept of social exclusion as a framework for understanding the impact of poverty and other deprivations on users lives and outlines five building blocks for combating exclusion in practice Locates practice within social work values of fairness and social justice while acknowledging the many challenges to those values Includes individual chapters on excluded children and families young people and adults with chapters also on practice in disadvantaged neighbourhoods and rural communities Discusses inclusionary practice in relation to racism as well as refugees and asylum seekers Throughout the book encourages students and practitioners to think through the range of approaches perspectives and value choices they face To facilitate engagement each chapter includes up to date practice examples case studies and specific questions for readers to reflect on

Theorising Social Exclusion Ann Taket,Beth R. Crisp,Annemarie Nevill,Greer Lamaro,Melissa Graham,Sarah Barter-Godfrey,2009-09-10 This book works from a multidisciplinary approach across health welfare and education linking practice and research in order to improve our understanding of the processes and principles that foster social exclusion and

how to prevent it **Social Exclusion in Cross National Perspective** Robert J. Chaskin, Bong Joo Lee, Surinder Jaswal, 2019 The concept of social exclusion has been widely adopted to describe the conditions of economic social political and or cultural marginalization experienced by particular groups of people due to extreme poverty discrimination dislocation and disenfranchisement Social Exclusion in Cross National Perspective examines the impacts of social exclusion on disadvantaged populations across four countries China India South Korea and the United States and provides a rich account of the interplay between globalization and social exclusion as well as how policies and social action respond to it

Tackling Social Exclusion John Pierson, 2009-10-16 Thoroughly updated this new edition shows how social workers can combat the social exclusion experienced by service users and promote inclusion Each chapter is grounded in up to date practice examples and explores through activities case studies and exercises how the perspective of social exclusion is changing social work today
