incorporate his wisdom into their own spiritual lives      *The Poverty of Riches* Kenneth Baxter Wolf, 2003-01-30 Saint Francis of Assisi is arguably the most attractive saint ever produced by the Catholic Church The unusually high regard with which he is held has served to insulate him from any real criticism of the kind of sanctity that he embodied sanctity based first and foremost on his deliberate pursuit of poverty In this book Kenneth Baxter Wolf takes a fresh look at Francis and the idea of voluntary poverty as a basis for Christian perfection Wolf's point of departure is a series of simple but hitherto unasked questions about the precise nature of Francis's poverty How did he go about transforming himself from a rich man to a poor one How successful was this transformation How did his self imposed poverty compare to the involuntary poverty of those he met in and around Assisi What did poor people of this type get out of their contact with Francis What did Francis get out of his contact with them Wolf finds that while Francis's conception of poverty as a spiritual discipline may have opened the door to salvation for wealthy Christians like himself it effectively precluded the idea that the poor could use their own involuntary poverty as a path to heaven Based on a thorough reconsideration of the earliest biographies of the saint as well as Francis's own writings Wolf's work sheds important new light on the inherent ironies of poverty as a spiritual discipline and its relationship to poverty as a socio economic affliction      *Saint Francis of Assisi* Bret Thoman, OFS, 2016-09-26 All Christians know his name Few truly know the man Francis of Assisi was not even five feet tall He was not well educated And yet he is the one saint commonly recognized as Alter Christus the other Christ Francis is not just any saint he's a saint for everyone whatever your place or position in life But do we really know him Who was this man at his core What was it that thrust this little man from a little town to the heights of sanctity into a place of high honor among the celestial court In this riveting biography author Bret Thoman accomplishes what few biographers have He pierces the inner life of Francis revealing his deepest passions his unquenchable love for poverty and his unshakable grip on the core of the Gospel The life of Francis so often festooned with spectacle and miracle is in reality the story of a soul yearning for God in every moment and glimpsing His presence in all creation If you want to see the hidden life of the greatest saint if you want to hear his thoughts if you want to feel the fervor that blazed within his soul you must read *St Francis of Assisi Passion Poverty and the Man who Transformed the Catholic Church*      **The Life and Legends of Saint Francis of Assisi** St Francis of Assisi, Father Candide Chalippe, 2015-11-19 Alongside St Ignatius who founded the Jesuits St Francis of Assisi is widely regarded as one of the most venerated saints in the Catholic Church due to his work establishing religious Orders that have done an incalculable amount of good and service for societies Like St Ignatius St Francis also got his start as a soldier who experienced a vision that put him on a more divine path St Francis eventually became a pillar of the Church both living in poverty to assist those in greatest need and in establishing the Franciscan Order the Order of Poor Clares an enclosed order for women and the Third Order of Brothers and Sisters of Penance Near the end of his life he became the first person recorded in history to bear the stigmata the Passion wounds that Christ suffered in crucifixion which only added to his ultimate aura and legacy To say that

the writings of St Francis reflect his personality and his spirit is but another way of saying that they are at once formidably mystic and exquisitely human that they combine great elevation of thought with much picturesqueness of expression This twofold element which found its development later on in the prose of mystics like St Bonaventure and in the verse of poets like Jacopone da Todi and which has ever been a marked characteristic of Franciscan ascetic literature leads back to the writings of the Founder as to the humble upper waters of a mighty stream St Francis had the soul of an ascetic and the heart of a poet His unbounded faith had an almost lyric sweetness about it his deep sense of the spiritual is often clothed with the character of romance This intimate union of the supernatural and the natural is nowhere more strikingly manifested than in the writings of St Francis
