imprint of Taylor Francis an informa company **W. S. Graham** David Nowell Smith,2022 David Nowell Smith draws on newly available archival materials to examine the work of British poet W S Graham This book views Graham s work in light of the idea of the poem as art object looking at both his written and visual mixed media artworks *Cultural Offensive* John A. Walker,1998-08-20 The vibrant fine arts and mass culture that the United States exported to Britain in the postwar period had a powerful and far reaching impact on many British artists art students and critics In a fascinating social and cultural history covering the period from the 1940s to the 1990s but with emphasis on the 1950s and 1960s John A Walker offers a scholarly but accessible account of America s Cold War cultural offensive and the role played by American artists living in Britain This is the first text to document in detail the variegated responses of British artists to postwar America and its art criticism and mass media Their reactions that ranged from Americanism enthusiasm and compliance to Anti Americanism criticism and resistance Covering significant art movements such as Abstract Expressionism the Independent Group and Pop Art Walker synthesises information from hundreds of published sources and interviews to paint a vivid picture of a crucial period in British culture Many of the critics painters and sculptors featured Lawrence Alloway Peter Blake Reynier Banham Anthony Caro Clement Greenberg David Hockney Richard Hamilton R B Kitaj John Latham Claes Oldenburg Eduardo Paolozzi Herbert Read Bridget Riley Larry Rivers are now internationally famous The study is brought up to date with an overview of the decline in American influence during in the 1980s and 1990s and the rise of Brit Art **W.S. Graham** Ralph Pite,Hester Jones,2004-01-01 Graham s work was published by T S Eliot in the 1940s and 50s but as a major post war poet his work has received astonishingly little critical attention given its prestige and influence This collection of essays covers all aspects of Graham s work its critical reception recent influence and its relations with other developments in the arts in particular the work of the St Ives School of visual artists It includes some biographical material brief reminiscences by and interviews with those who knew him and discussions of the material contained in several collections of manuscripts Nothing so far published has paid attention to these manuscript collections or to the large number of uncollected poems published since his death Neither has enough been written about Graham s importance to poets of the 1980s and 1990s The ten essays in this book are all extremely competent studies of Graham s work constantly aware of the subtleties of Graham s very individual attitudes to his art The book will make an excellent companion for many readers and students PNReview

Virginia Woolf: The Common Ground Gillian Beer,2019-06-01 This book for the first time brings together Gillian Beer s essays on Virginia Woolf Widely recognised as a leading authority on Woolf and a sophisticated critic of modernism and fiction Beer s essays make fascinating reading Beer demonstrates through close investigative textual readings how Woolf s conceptualisations of history and narrative are intimately bound up with her ways of thinking about women writing and social and sexual relations **Rescue and Reuse** Ian Morrison,Merlin Waterson,2019-07-15 Historic buildings and places play an essential role in the everyday lives of the people of the UK their cultural identity and the economy They can inspire creativity

and enterprise bring communities together and make people happier about where they live This book explores how historic buildings across the UK have been brought back to life through the technical and enabling skills creativity and sensitivity of architects Exemplar projects explored through richly illustrated case studies demonstrate the value to society of re using historic buildings and will inspire a new generation of architects to get involved with community heritage projects at a time of great opportunity Drawing on interviews with architects and their community clients this book explores the challenges that they face how they are overcome and the benefits that follow *The Alfred Wallis Factor* David Wilkinson, 2017-07-19 Since his death in 1942 St Ives has become marinated in the spirit of the naive painter Alfred Wallis Naum Gabo the Russian Constructivist felt that Wallis's gift as an artist was that he never knew he was one His unconventional approach and the innocence of his personal method of making art marked Alfred Wallis even after his death as a crucial figure in the modernist movement The art scene in St Ives during World War II is depicted vividly in *The Alfred Wallis Factor* which illustrates the birth of modernism in the small fishing port in the far south west of England With dominant personalities like Sven Berlin Ben Nicholson Barbara Hepworth Adrian Stokes Bernard Leach Terry Frost Peter Lanyon Wilhelmina Barns Graham and Patrick Heron it was inevitable that personal relationships would both form and fracture Though causes would range from the banal to the bizarre David Wilkinson never loses focus on the high stakes for which these characters were playing the creation of their work and reputations of lasting significance Their passion was strong and their ambition even stronger *The Alfred Wallis Factor* tells the story of this extraordinary painter's long lasting influence on and beyond modernism David Wilkinson expounds the events around and following the artist's death assessing the roles of friends and rivals in making Alfred Wallis a benchmark of modern British art *The Alfred Wallis Factor* is a comprehensive examination of a troubled era in which life met war and changed the destiny of the art world **The Worldwide Art Catalogue Bulletin**, 1985 **Art Into Pop** Simon Frith, Howard Horne, 2016-04-14 This book first published in 1987 tells the intriguing and culturally complex story of the art school influence on postwar British popular music Following Romantic attitudes from life class to recording studio it focuses on two key moments the early 1960s when art students like John Lennon and Eric Clapton begin to play their own versions of American rock and blues and inflected youth music with Bohemian dreams and the late 1970s when punk musicians emerged from design courses and fashion departments to disrupt what were by then art rock routines Sixties rock Bohemians and seventies pop Situationists were in their different ways trying to solve the art students perennial problem how to make a living from their art *Art Into Pop* shows how this problem has been shaped by the history of British art education from its nineteenth century origins to current arguments about pure and applied training In their simultaneous pursuit of authenticity and artifice art school musicians exemplify the postmodern condition the collapse of any distinction between high and low culture the confusions of personal and commercial creativity And so high pop theorists rub shoulders here with low pop practitioners experimental musicians debate avant garde ideas with corporate packagers and artistic

integrity becomes a matter of making oneself up **St. Ives Artists** Margaret Garlake, 1998-04 Margaret Garlake's study of Peter Lanyon provides a unique survey of his life and work from his childhood friendship with Patrick Heron to international acclaim in the 1960s He was the only Cornishman among the leading members of the St Ives group **Constructing Modernity** Martin Hammer, Professor Christina Lodder, Naum Gabo, Christina Lodder, 2000-01-01 Naum Gabo 1890-1977 whose eventful life took him from his native Russia to Berlin Paris London and finally the United States achieved renown as one of the most inventive and controversial figures in twentieth century sculpture This book is the first comprehensive account of Gabo's life career and artistic theory and practice Martin Hammer and Christina Lodder explore in detail the evolution of the artist's work and his aesthetic concerns creative processes assimilation of such new materials as plastic and approach to public sculpture The authors also examine his response to the scientific and political revolutions of his age and trace the origins and development of Gabo's utopian conviction that Constructivist art was profoundly in tune with modernity social progress and advances in science and technology Drawing on Gabo's extensive and largely unpublished archives of letters diaries notebooks models and sketchbooks Hammer and Lodder discuss the sculptor's work in the context of his relations with other avant garde artists architects and critics including his brother Antoine Pevsner They also situate his aesthetic theory and practice within the Constructivist movement *St. Ives, 1883-1993* Marion Whybrow, 1994 Major artists past and present such as Lanyon Heron Nicholson Mitchell Hepworth Frost Gabo Barns Graham Leach and Hamada came to live in St Ives and recognised a unique creative environment which stimulated their ideas **Virginia Woolf** Rachel Bowlby, 2016-07-01 Rachel Bowlby's anthology of articles conjures up the enormous richness and variety of recent work that returns to Woolf not so much for final answers as for insights into questions about writing literary traditions and the differences of the sexes The collection includes pieces by such well known writers as Gillian Beer Mary Jacobus Peggy Kamuf and Catharine Stimpson With a substantial Introduction headnotes to each piece and full supporting material this volume provides an ideal guide to Woolf and her place in modern literary and cultural studies *Nation & Narration* Homi K Bhabha, 2013-04-15 Bhabha in his preface writes Nations like narratives lose their origins in the myths of time and only fully encounter their horizons in the mind's eye From this seemingly impossibly metaphorical beginning this volume confronts the realities of the concept of nationhood as it is lived and the profound ambivalence of language as it is written From Gillian Beer's reading of Virginia Woolf Rachel Bowlby's cultural history of Uncle Tom's Cabin and Francis Mulhern's study of Leavisite's English ethics to Doris Sommer's study of the magical realism of Latin American fiction and Sneja Gunew's analysis of Australian writing *Nation and Narration* is a celebration of the fact that English is no longer an English national consciousness which is not nationalist but is the only thing that will give us an international dimension **The Street Photographs of Roger Mayne** Roger Mayne, Mark Haworth-Booth, Victoria and Albert Museum, 1986 Photographs of Southam Street London England taken between 1956-1961 The street attracted transients and later became a London slum
