Peter Pericles Trifonas, Bryan Wright

St Augustine On Education:

St. Augustine: on Education Saint Augustine (of Hippo), 1969 The picture of St Augustine that emerges from these selections is not simply one of an educational theorist of historical magnitude but one of a man intimately involved in the search for truth and deeply committed to the art of teaching The educational problems he discusses arise from his own experience as a teacher in subjecting them to the critical scrutiny of his own keen intelligence he brings into focus for the modern teacher and the student of education much that is of permanent and practical value Back cover **Educational Theory and Practice in St. Augustine** George Howie, 1969 **Saint Augustine** Saint Augustine, Saint Augustine of Hippo, 1969 *St Augustine* Ryan N. S. Topping, 2010-09-02 After setting Augustine's thought firmly within the context of his life and times Ryan Topping examines in turn the causes of education the purposes pedagogy curriculum and limits of learning as Augustine understood them Augustine's towering influence over Medieval and Renaissance theorists from Hugh of St Victor to Aquinas to Erasmus is traced The book concludes by drawing Augustine into dialogue with contemporary philosophers exploring the influence of his meditations on higher education and suggesting how his ideas can reinvigorate for our generation the project of liberal learning *Saint Augustine* Saint Augustine (Bishop of Hippo.), 1969 **Augustine and Liberal Education** Kim Paffenroth, Kevin L. Hughes, 2008-01-01 Augustine and Liberal Education sheds light on liberal education past and present from an Augustinian point of view Ranging from historical investigations of particular themes and issues in the thought of Saint Augustine to reflections on the role of tradition and community and the challenges and opportunities facing universities in the next century the contributors return to the sources of traditional reflection while exploring contemporary issues in education **Augustine and Liberal Education** Taylor & Francis Group, 2019-09-30 The Philosophy of Teaching Saint Augustine (of Hippo), 1924 Happiness and Wisdom Ryan N. S. Topping, 2012-07-11 Happiness and Wisdom contributes to ongoing debates about the nature of Augustine's early development and argues that Augustine's vision of the soul's ascent through the liberal arts is an attractive and basically coherent view of learning which while not wholly novel surpasses both classical and earlier patristic renderings of the aims of education **Increasing Academic Achievement with the Trivium of Classical Education** Randall Hart, Randall Hart, PhD, 2006 Provides a brief summation of classical education its history and how its implementation increases academic achievement *On Education, Formation, Citizenship and the Lost Purpose of Learning* Joseph Clair, 2017-11-30 Reading Augustine presents concise personal readings of St Augustine of Hippo from leading philosophers and religion scholars The looming crisis in higher education appears to be a matter of soaring costs and crushing student debt but the problem is actually much deeper It is a crisis of soul a question of the very purpose of learning and the type of people that our educational system produces Today in the age of academic hyper specialization and professional knowledge the moral and spiritual purposes of learning have been eclipsed by a shallow view of career and success On Education Formation Citizenship and the Lost Purpose of Learning turns

to the influential figure Augustine of Hippo to explore how he saved the liberal arts at the end of the Roman Empire and how his inspiring vision can do the same for higher education today It offers a roadmap for reviving the soul of education presenting concrete ways that the intellectual practices and economic enterprise of learning can lead once more to a fulfilled life of knowing God and loving others *Underlying Principles of St. Augustine's Philosophy of Education* Eugene Kevane,1960 **A Cyclopedia of Education** Paul Monroe,1911 *Bulletins of the Bureau of Education, 1906-1927* Carl Arthur Jessen,Edith A.
