texts considering the Gospel of St Mark together with its double the so called Secret Gospel that has occasioned controversy for its homoerotic implications The posthumous persistence of a life is what the gospel named Mark calls the Kingdom of God Saints have posthumous lives but so too do paintings and texts This major interdisciplinary study by one of our most astute cultural critics extends what might have been a purely theological subject to embrace questions central to cultural practice from the ancient world to the present

The Basilica of Saint Mark Guido Perocco,1985 Art in Renaissance Italy John T. Paoletti,Gary M. Radke,2005 Art in Renaissance Italy sets the art of that time in its context exploring why it was created and in particular looking at who commissioned the palaces and cathedrals the paintings and the sculptures The Quest for the Tomb of Alexander the Great: Third Extended Edition Andrew Michael Chugg,2019-11-17 Uncovers a connection between a Macedonian funerary sculpture found in the foundations of the Basilica di San Marco in Venice and the sarcophagus of an Egyptian Pharaoh shipped to London from Alexandria in 1801 Traces their trails to show that both seem to come from Alexander s tomb in Alexandria Now it is revealed that the sculptural relief was fitted to the sarcophagus confirming the theory The author writes When I embarked upon the deck of this Odyssey it seemed to me that shipwreck was my eventual destiny but now beyond the raging roiling sea I have glimpsed the shore of verdant Valinor unveiled before me Though I may yet come to grief upon some reef washed by waves of disbelief I voyage on to vindication my vessel s ordained destination With greatness grazing on the verge of rediscovery we may surely see the resolution of this mystery So let my sail now be unfurled to catch the wind and win the world Alexander s long lost legacy the parted parts of his shattered tomb and battered body
