We Are What We Drink Sabine N. Meyer, 2015-07-15 Sabine N Meyer eschews the generalities of other temperance histories to provide a close grained story about the connections between alcohol consumption and identity in the upper Midwest Meyer examines the ever shifting ways that ethnicity gender class religion and place interacted with each other during the long temperance battle in Minnesota Her deconstruction of Irish and German ethnic positioning with respect to temperance activism provides a rare interethnic history of the movement At the same time she shows how women engaged in temperance work as a way to form public identities and reforges the largely neglected yet vital link between female temperance and suffrage activism Relatedly Meyer reflects on the continuities and changes between how the movement functioned to construct identity in the heartland versus the movement's more often studied roles in the East She also gives a nuanced portrait of the culture clash between a comparatively reform minded Minneapolis and dynamic anti temperance forces in whiskey soaked St Paul forces supported by government community and business institutions heavily invested in keeping the city wet

George Vrtis, Christopher W. Wells, 2023-01-10 Minnesota's Twin Cities have long been powerful engines of change From their origins in the early nineteenth century the Twin Cities helped drive the dispossession of the region's Native American peoples turned their riverfronts into bustling industrial and commercial centers spread streets and homes outward to the horizon and reached well beyond their urban confines setting in motion the environmental transformation of distant hinterlands As these processes unfolded residents inscribed their culture into the landscape complete with all its tensions disagreements contradictions prejudices and social inequalities These stories lie at the heart of Nature's Crossroads The book features an interdisciplinary team of distinguished scholars who aim to open new conversations about the environmental history of the Twin Cities and Greater Minnesota **Eugene McCarthy** Dominic Sandbrook, 2007-12-18

Eugene McCarthy was one of the most fascinating political figures of the postwar era a committed liberal anti Communist who broke with his party's leadership over Vietnam and ultimately helped take down the political giant Lyndon B Johnson His presidential candidacy in 1968 seized the hearts and fired the imaginations of countless young liberals it also presaged the declining fortunes of liberalism and the rise of conservatism over the past three decades Dominic Sandbrook traces Eugene McCarthy's rise to prominence and his subsequent failures and makes clear how his story embodies the larger history of American liberalism over the last half century We see McCarthy elected from Minnesota to the House and then to the Senate

part of a new liberal movement that combined New Deal domestic policies and fierce Cold War hawkishness a consensus that produced huge electoral victories until it was shattered by the war in Vietnam As the situation in Vietnam escalated many liberals like McCarthy found themselves increasingly estranged from the anti Communism that they had supported for nearly two decades Sandbrook recounts McCarthy s growing opposition to President Johnson and his policies which culminated in McCarthy s stunning near victory in the New Hampshire presidential primary and Johnson s subsequent withdrawal from the race McCarthy went on to lose the nomination to Hubert Humphrey at the infamous 1968 Democratic National Convention in Chicago which secured his downfall and led to Richard Nixon s election but he had pulled off one of the greatest electoral upsets in American history one that helped shape the political landscape for decades These were tumultuous times in American politics and Sandbrook vividly captures the drama and historical significance of the period through his intimate portrait of a singularly interesting man at the center of it all **The Fiddler's Secret** Lois Walfrid Johnson,2013-06-24

When winter draws near how will the Christina escape the untimely fast approaching ice storm In the dark of night come the rapid strokes of the ship s bell dense fog and the slap of paddlewheels against water and then the whistle screams a warning A steamboat s coming too fast too close Run Out of the darkness and danger come the piercing notes of a gifted fiddler His face seems to hold a secret What is the fiddler s challenge for the Freedom Seekers of every place and time How will the Freedom Seekers answer Captain Norstad s questions What is most important to you What do you really want From the golden age of steamboats the rush of immigrants to new lands and the dangers of the Underground Railroad come true to life stories of courage integrity and suspense in the Freedom Seekers series
