The School Code Part 2 Tonia Inturrisi, 2014-02-20. This is the exiting sequel to the school code part 1. All your favourite characters are back and are older and wiser for the most part. As Stacey and her friends jump into their final year of high school, there are many trials and triumphs, friends to be made and lost, hot new romances. With a surprise new couple, you'll never guess who. Who will Stacey end up with? What about Shannon and Robert? This exiting sequel is certainly set to rival the original. With the old characters returning, new additions to the group in Melbourne and Queensland, and of course brand new school code dramas. What will Stacey's decision be as the school code gets more and more out of control and she starts to make new friends and start to realize what's important to herself and to her friends? Will Stacey follow her heart or her popularity and Melbourne friends and boyfriend? Her decision will be set to shock and will change the face of the school code forever. The finale of this exiting sequel is not to be missed. There will be a shock finale that is action packed and sure to shock readers. With all characters getting thrown back together again to finish off the teen portion of the school code. The finale will be full of tears and triumphs, action packed with love and friendships formed, and a shock twist that you will never guess. The school code part 2 certainly has many highs and lows but finishes off the high school part of the school code very well, takes the teen and high school years out with a bang.

Ann M. Martin Marylou Morano Kjelle, 2006. When Ann M. Martin was asked to write the first four Baby sitters Club books in 1985, she had no way of knowing she was about to change the face of children's publishing. Martin's writing is influenced by a combination of her pretty wonderful childhood, her experience as a teacher, and her work in children's publishing. Now 20 years after the first Baby sitters Club book was written, with more than 300 books and a Newbery Honor book to her credit, Martin continues to write novels that not only find a place on best sellers lists but also in the hearts of readers. It is clear that she is one of the most widely read and beloved children's authors of all time. In a one volume reference, Ann M. Martin details the life and real life influences of this famous author, revealing the person behind the words and the author behind the literature.
