Baldridge Prize from the Phi Alpha Theta Honor Society Hawaii Region Between the late nineteenth and mid twentieth century technology transformed the entertainment industry as much as it did such heavy industries as coal and steel Among those most directly affected were musicians who had to adapt to successive inventions and refinements in audio technology from wax cylinders and gramophones to radio and sound films In this groundbreaking study James P. Kraft explores the intersection of sound technology corporate power and artistic labor during this disruptive period Kraft begins in the late nineteenth century's golden age of musicians when demand for skilled instrumentalists often exceeded supply analyzing the conflicts in concert halls nightclubs recording studios radio stations and Hollywood studios as musicians began to compete not only against their local counterparts but also against highly skilled workers in national entertainment factories Kraft offers an illuminating case study in the impact of technology on industry and society and a provocative chapter in the cultural history of America

*Women and Mobility on Shakespeares Stage* Elizabeth Mazzola, 2017-07-06 Long before the economist Amartya Sen proposed that more than 100 million women were missing lost to disease or neglect kidnapping or forced marriage denied the economic and political security of wages or membership in a larger social order Shakespeare was interested in such women's plight how they were lost and where they might have gone Characters like Shakespeare's Cordelia and Perdita Rosalind and Celia constitute a collection of figures related to the mythical Persephone who famously returns to her mother and the earth each spring only to withdraw from the world each winter when she is recalled to the underworld That women's place is far from home has received little attention from literary scholars however and the story of their fraught relation to domestic space or success outside its bounds is one that hasn't been told Women and Mobility investigates the ways Shakespeare's plays link female characters agency with their mobility and thus represent women's ties to the household as less important than their connections to the larger world outside Female migration is crucial to ideas about what early modern communities must retain and expel in order to carve a shared history identity and moral framework and in portraying women as sometime daughters who frequently renounce fathers and homelands or queens elsewhere whose links to faraway places are vital to the rebuilding of homes and kingdoms Shakespeare also depicts global space as shared space and the

moral world as an international one      **Catch the Stage to Phoenix** Leland J. Hanchett, Jr.,1998 The importance of the stagecoach is often overlooked amidst its romance and legend It was in fact Arizona s first and for a long while only means of public transportation If you wanted to travel to or within the Territory in the early days you had better own a horse or a horse and buggy or be willing to do a lot of walking With the advent of stage travel in the late 1860s all that changed at least for those well enough off to pay the stagecoach fare *Catch the Stage to Phoenix* covers the history of stage coaching in the early days of the Arizona Territory Stages traveled from Prescott to Phoenix first via Wickenburg and later through the Black Canyon The drivers stage station operators and the travelers as well deserve medals for their fortitude and bravery

changes I would occasionally see a jubilant redbird and take its picture with much joy in my heart in times of sorrow Those poems are also included with vignettes from Life s University

Nigerian Stage Directors' Philosophies, Aesthetics and Ideologies Bisi Adigun,Duro Oni,2025-02-15 In several Nigerian universities theories of Western stage directors who are long dead are still relied upon to teach Nigerian students the art of stage directing This is akin to eating Nigerian delicacies such as isi ewu a goat s head delicacy which are traditionally eaten with fingers with cutlery How can the brain of an aspiring Nigerian theatre director be full of the principles of Russian German English French and Polish stage directors who are all dead while he or she does not know much about contemporary Nigerian stage directors many of whom are still alive and practising This is the major lacuna that this book fills Containing essays and interview contributions from 30 directors of different ages generations genders and social classes and from different parts of Nigeria and beyond this book will afford the future generation of stage directors not only in Nigeria but also in the world at large the opportunity to learn from an epistemic community and stand on the shoulders of indigenous Nigerian theatre giants to touch the sky
