Fleming, 2021-01-26 This book first published in 1961 is an analysis of the great struggle of the twentieth century the Cold War It carefully examines the conflict s origins in the Russian Revolution of 1917 and follows the thread of antagonism between west and east all the way up to 1960 These were the key years of the Cold War when it seemed that the prospect of nuclear confrontation was a real one and this book offers a close reading of the main events of those years This volume concentrates on the European theatre and Volume Two focuses on the Cold War in the East **Reports and Documents** United States. Congress, **Report** United States. Congress Senate, **A Better World** William L. O'Neill, 2020-09-29 This book chronicles the struggle among non Communist leftists and liberals over American relations with the Soviet Union from 1939 through the 1950s Few now care as passionately and as violently as people did then about Soviet American relations It was a time when friends became enemies and others forged strange alliances all in the name of commitments that today seem remote A Better World evokes those times and their choices and explains why these long ago battles still arouse such deep feelings today and should Americans who were pro Soviet without being members of the Communist party progressives as they called themselves had a large emotional investment in the Soviet Union From 1935 to 1939 literally millions joined the Popular Front of pro Soviet organizations O'Neill takes us through the shock of the Stalin Hitler pact of 1939 through the revival of the Popular Front spurred by government and business support after Russia entered the war against Hitler He traces the isolation of the anti Stalinists the rise and fall of Henry Wallace and the eclipse of progressivism And he explores the shifting allegiances of intellectuals as they struggled often with each other to influence the course of

public debate with long lasting consequences for American intellect culture and morals As O Neill observes in his introduction More than any of my other books A Better World inspired correspondents to send me probing or reflective letters It was this response along with the extraordinary critical debate spurred by initial publication of this volume that makes the book s continuing importance clear The dream of achieving a better world through radical violence never dies and the willingness of apologists to cling to utopian visions persists As long as it does the lessons of this book need to be available to us

**In Stalin's Secret Service** W/ G. Chiasson,1997-08-28 Perhaps no drama catches the interest of the American public more than a spectacular trial Even though the reporting of a crime may quickly diminish in news value the trial lingers while drama builds Although this has become seemingly more pronounced in recent years with the popularity of televised trials public interest in criminal trials was just as high in 1735 when John Peter Zenger defended his right to free speech or in 1893 when Lizzie Borden was tried for the murder of her father and stepmother This book tells the stories of sixteen significant trials in American history and their media coverage from the Zenger trial in 1735 to the O J Simpson trial in 1995 Each chapter relates the history of events leading up to the trial the people involved and how the crimes and subsequent trials were reported **From Vagabond to**

**Journalist** Robert M. Farnsworth,1996 Beginning with Snow s youthful ambition to travel the globe and concluding with his notable if unobtrusive role in the reestablishment of diplomatic ties between America and China Farnsworth weaves a spellbinding narrative Snow s adventure in Asia began in Yokohama where he landed as a stowaway from Hawaii Then just steps ahead of Japanese port police he made his way to China where he soon empathized with the suffering of the Chinese people and became curious about the role Communism might play in the rebellion against colonialism As he traveled throughout the continent during the next thirteen years Snow established contacts with many important people and won extraordinary personal access to the leaders of the Chinese Communist Party In 1936 he became the first Western journalist to visit the Chinese Red forces and report on a detailed interview with Mao Tse tung after the completion of the epic Long March **Catalog of Copyright Entries.
