Whitaker's Books in Print ,1998 *Tantra & Erotic Trance* John Ryan Haule,2012 Human sexuality is a problematic thing It gets us into trouble breaks our hearts involves us in painful compulsive relationships even transmits deadly diseases It would surely scare us off if it were not for its siren call to higher forms of union and moments of bodily bliss When examined more closely however and especially when we turn our gaze inward to see what sexual arousal is doing to our consciousness we find we are in an altered state a form of erotic trance that reveals dimensions of ourselves our partner and possibilities for human life that otherwise would not have been discovered Procreative sex forms the foundation of the nuclear family and the glue that holds society together what we might call the horizontal potential of sex Tantra however is about its vertical dimension about tuning our awareness to bring higher spiritual realities into focus It all begins by

mastering our bodily reflexes This first volume of Tantra and Erotic Trance deals with the preliminary stages of mastery and the transformations of consciousness that they make possible The whole project is imagined as a ladder with its feet on the earth and its top leaning into Indra s heaven Each rung represents a new level of awareness a mastery of what just the rung below had appeared to us as a poorly understood gift **The love songs of the sixth Dalai Lama** Dalai Lama VI Tshangs-dbyangs-rgya-mtsho,1969 **The Turquoise Bee** Rick Fields,Brian Cutillo,Mayumi Oda,1993 Deceptively simple and unadorned the poems and love songs of Tibet s Sixth Dalai Lama 1683 1706 express the inner life of a legendary spiritual leader Eloquently set in historical context astutely translated and beautifully illustrated these sixty four poems articulate the mysteries struggles and joys of spiritual and sensual life with enduring relevance
