Forthcoming Books Rose Arny, 1990 **The American Stamp** Laura Goldblatt, Richard Handler, 2023-02-13 More than three thousand different images appeared on United States postage stamps from the middle of the nineteenth century to the end of the twentieth Limited at first to the depiction of a small cast of characters and patriotic images postal iconography gradually expanded as the Postal Service sought to depict the country's history in all its diversity This vast breadth has helped make stamp collecting a widespread hobby and made stamps into consumer goods in their own right Examining the canon of nineteenth and twentieth century American stamps Laura Goldblatt and Richard Handler show how postal iconography and material culture offer a window into the contested meanings and responsibilities of U S citizenship They argue that postage stamps which are both devices to pay for a government service and purchasable items themselves embody a crucial tension is democracy defined by political agency or the freedom to buy The changing images and uses of stamps reveal how governmental authorities have attempted to navigate between public service and businesslike efficiency belonging and exclusion citizenship and consumerism Stamps are vehicles for state messaging and what they depict is tied up with broader questions of what it means to be American Goldblatt and Handler combine historical sociological and iconographic analysis of a vast quantity of stamps with anthropological exploration of how postal customers and stamp collectors behave At the crossroads of several disciplines this book casts the symbolic and material meanings of stamps in a wholly new light *Harper's Weekly* John Bonner, George William Curtis, Henry Mills Alden, Samuel Stillman Conant, Montgomery Schuyler, John Foord, Richard Harding Davis, Carl Schurz, Henry Loomis Nelson, John Kendrick Bangs, George Brinton McClellan Harvey, Norman Hapgood, 1877 The Indian Decisions (new Series), 1914 **Catalog of Copyright Entries, Third Series**, 1966 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc **Mekeel's Weekly Stamp News** I. of imperial heroes We demonstrate that the decolonisation of imperial heroes was a much more complex and protracted process than the political retreat from empire and that it is still an ongoing phenomenon even half a century after the world has ceased to be painted in red Whilst Decolonising Imperial Heroes explores the appeal of the explorers humanitarians and missionaries whose stories could be told without reference to violence against colonized peoples it also analyses the persistence of imperial heroes as sites of political dispute in the former metropolises Demonstrating that the work of remembrance was increasingly carried out by diverse fragmented groups of non state actors in a process we call the privatisation of heroes the book reveals the surprising rejuvenation of imperial heroes in former colonies both in nation building narratives and as heritage sites This book was originally published as a special issue of the Journal of Imperial and Commonwealth History
