

The background is a vibrant, abstract composition. On the left, a multi-colored rainbow arches over the main title. To the right, a portion of a person's face is visible, rendered in a stylized, almost painterly manner with soft, blended colors. Literary Slumming Eliza Jane Smith,2021-08-06 Literary Slumming Slang and Class in Nineteenth Century France applies a sociolinguistic approach to the representation of slang in French literature and dictionaries to reveal the ways in which upper class writers lexicographers literary critics and bourgeois readers participated in a sociolinguistic concept the author refers to as literary slumming or the appropriation of lower class and criminal language and culture Through an analysis of spoken and embodied manifestations of the anti language of slang in the works of Eug ne Fran ois Vidocq Honor de Balzac Eug ne Sue Victor Hugo the Goncourt Brothers and mile Zola Literary Slumming argues that the nineteenth century French literary discourse on slang led to the emergence of this sociolinguistic phenomenon that prioritized lower class and criminal life and culture in a way that ultimately expanded class boundaries and increased visibility and agency for minorities within the public sphere *Unmanly Men* Brittany E. Wilson,2015 New Testament scholars typically assume that the men who pervade the pages of Luke s two volumes are models of an implied manliness Scholars rarely question how Lukan men measure up to ancient masculine mores even though masculinity is increasingly becoming a topic of inquiry in the field of New Testament and its related disciplines Drawing especially from gender critical work in classics Brittany Wilson addresses this lacuna by examining key male characters in Luke Acts in relation to constructions of masculinity in the Greco Roman world Of all Luke s male characters Wilson maintains that four in particular problematize elite masculine norms namely Zechariah the father of John the Baptist the Ethiopian eunuch Paul and above all Jesus She further explains that these men do not protect their bodily boundaries nor do they embody corporeal control two interrelated male gender norms Indeed Zechariah loses his ability to speak the Ethiopian eunuch is castrated Paul loses his ability to see and Jesus is put to death on the cross With these bodily violations Wilson argues Luke points to the all powerful nature of God and in the process reconfigures or refigures men s own claims to power Luke however not only refigures the so called prerogative of male power but he refigures the parameters of power itself According to Luke God provides an alternative construal of power in the figure of Jesus and thus redefines what it means to be masculine Thus for Luke real men look manifestly unmanly Wilson s findings in *Unmanly Men* will shatter long held assumptions in scholarly circles and beyond about gendered interpretations
