

Annual Report on Quality Management and Performance Measurement/Improvement Calendar Year 2014

Introduction:

Life Alliance is committed to providing quality services to our consumers. We also understand that this goes beyond direct care. Our approach to quality assurance and continuous improvement is to learn from best practice and utilize tools from area programs and other government agencies. We set standards for management, supervisory, staff, and consumer service quality that strive to meet or exceed the industry standard.

The Life Alliance Quality Management Committee meets on a quarterly basis. Both leadership and the Quality assurance Coordinator have standing seats on the committee. The committee performs, at a minimum, the following tasks:

- Reviews 40% of all consumer and employee charts annually
- Review and formulate a plan to address all formal complaints/grievances
- Review and formulate a plan to address all MCO Plans of Correction
- Set and review performance management, measurement, & improvement goals, results, etc
- Review the results of consumer satisfaction surveys
- Review credentialing status
- Review the results of all internal/external audits

Performance Measurement, Management, and Improvement System:

Life Alliance utilizes a two-pronged approach to performance measurement, management, and improvement system. The primary method is Plan, Do, Check, Act. This means identifying opportunities for improvement, implementing the proposed improvement, checking the results, and, based on the results, making the improvement a routine activity.

The planning phase is where the measurement and management is primarily utilized. Goals, objectives, and performance indicators are set to measure the effectiveness and efficiency of business and service delivery functions. These are set via committee meetings, during the
