

Skiathos Other Poems

Clemens Wendtner

Skiathos Other Poems:

"*Skiathos*" and *Other Poems* Dunlop, 1984-01-01 *Skiathos and Other Poems* Richard Buchanan-Dunlop, 1984

Simonides the Poet Richard Rawles, 2018-04-19 Simonides is tantalising and enigmatic known both from fragments and from an extensive tradition of anecdotes This monograph the first in English for a generation employs a two part diachronic approach Richard Rawles first reads Simonidean fragments with attention to their intertextual relationship with earlier works and traditions and then explores Simonides through his ancient reception In the first part interactions between Simonides own poems and earlier traditions both epic and lyric are studied in his melic fragments and then in his elegies The second part focuses on an important strand in Simonides ancient reception concerning his supposed meanness and interest in remuneration This is examined in Pindar's Isthmian 2 and then in Simonides reception up to the Hellenistic period The book concludes with a full re interpretation of Theocritus 16 a poem which engages both with Simonides poems and with traditions about his life *Simonides on the Persian Wars* Lawrence M. Kowerski, 2017-09-25 This book considers what evidence the new Simonides fragments offer for Simonides elegiac compositions on the Persian Wars The current orthodoxy is that they represent three separate elegies on individual battles one on Artemisium one on Salamis and one on Plataea Kowerski evaluates what evidence these fragments provide for these compositions and in doing so questions the validity of the current interpretation of the new Simonides **Into the Heart of European Poetry** John Taylor, 2017-07-05 John Taylor's brilliant new book examines the work of many of the major poets who have deeply marked modern and contemporary European literature Venturing far and wide from the France in which he has lived since the late 1970s the polyglot writer critic not only delves into the more widely translated literatures of Italy Greece Germany and Austria but also discovers impressive and overlooked work in Slovenia Bosnia Hungary Finland Norway and the Netherlands in this book that ranges over nearly all of Europe including Russia While providing this stimulating and far ranging critical panorama Taylor brings to light key themes of European writing the depth of everyday life the quest of the thing in itself metaphysical aspiration and anxiety the dialectics of negativity and affirmation subjectivity and self effacement and uprootedness as a category that is as ontological as it is geographical historical political or cultural The book pays careful attention to the intersection of writing and history or politics as several poets featured here have faced the Second World War the Holocaust Communism the fall of Communism or the war in the former Yugoslavia Taylor gives the work of renowned upcoming and still little known poets a thorough look all the while scrutinizing recent translations of their verse He highlights several poets who are also masters of the prose poem He includes a few novelists who have fashioned a particularly original kind of poetic prose that stylistic category that has proved so difficult for critics to define *Into the Heart of European Poetry* should be of immediate interest to any reader curious about the aesthetic and philosophical ideas underlying major trends of contemporary European writing In a day and age when much too little is translated and thus known about foreign literature and when Europeans themselves are

pondering the common denominators of their own culture this book is a **Other Poetry**, 2000 *The New Simonides*
Deborah Dickmann Boedeker, David Sider, 2001 Boedeker and Sider's edited volume gathers the best of the recent research
on Simonides newly expanded oeuvre into this collection which is a useful reference for scholars of Greek poetry *Poetry*
East, 1992 A Greek Diptych Louis Coutelle, Theofanis G. Stavrou, David R. Weinberg, 1986 *Encyclopedia of Ancient*
Greece Nigel Wilson, 2013-10-31 Examining every aspect of the culture from antiquity to the founding of Constantinople in
the early Byzantine era this thoroughly cross referenced and fully indexed work is written by an international group of
scholars This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition the
highly praised two volume work Newly edited by Nigel Wilson this single volume reference provides a comprehensive and
authoritative guide to the political cultural and social life of the people and to the places ideas periods and events that
defined ancient Greece
