California Fiction

"An exciting, beautifully paced contemporary novel that is at the same time faithful to its origins, burdened by its past, and dramatically aware of its own cultural options."

Skin Deep California Fiction:

Skin Deep Guy Garcia, 1997-04-16 The narrator of *Skin Deep* is David Loya a second generation Chicano from the East L A barrio With a degree from Harvard Law School he is a rising star in a major New York law firm He returns to L A in response to an urgent request from a Harvard friend to find a missing illegal Mexican named Josefina Juarez David s search for Juarez takes him deep into the barrio where the mystery of her fate upends his world and forces him to confront long buried questions about family love friendship and his own identity *Skin Deep* is a novel about coming of age in the new America a place in which races and cultures have not so much melded as collided and in which no identity is secure Garcia chronicles this new urban landscape with acuity and informed sympathy

Skin Deep Liz Conor, 2016 *Skin Deep* looks at the preoccupations of European Australians in their encounters with Aboriginal women and the tropes types and perceptions that seeped into everyday settler colonial thinking Early erroneous and uninformed accounts of Aboriginal women and culture were repeated throughout various print forms and imagery both in Australia and in Europe with names dates and locations erased so that individual women came to be anonymized as gins and lubras The book identifies and traces the various tropes used to typecast Aboriginal women contributing to their lasting hold on the colonial imagination even after conflicting records emerged The colonial archive itself consisting largely of accounts by white men is critiqued in the book Construction of Aboriginal women s gender and sexuality was a form of colonial control and *Skin Deep* shows how the industrialization of print was critical to this control emerging as it did alongside colonial expansion For nearly all settlers typecasting Aboriginal women through name calling and repetition of tropes sufficed to evoke an understanding that was surface based and half knowing only *skin deep* Impressively researched written organized and presented highly recommended for community and academic library Aboriginal Studies Women s Studies Australian Studies and Colonial History reference collections Midwest Book Review MBR Bookwatch October 2016 Helen s Bookshelf Subject Cultural History Aboriginal Studies Women s Studies Australian Studies Colonial Studies
