Skinhead Nation

Mark S. Hamm

Skinhead Nation:

Skinheads Tiffini Travis, Perry Hardy, 2012-04-13 This book provides a fascinating examination of one of the most notorious countercultures in the United States *Skinheads A Guide to An American Subculture* is an insider's look at the history of skinheads in the United States from their emergence from the U S hardcore underground in the 1980s in New York City Chicago Washington DC and Los Angeles to the current scene that thrives in many major metropolitan areas today What makes this revelatory book so compelling is its one of a kind view of skinhead culture from the inside out Coauthor Perry Hardy is a skinhead bass player for the band The Templars and veteran member of the American skinhead scene since the onset of the movement Based on his experiences plus interviews with dozens of skinheads of all kinds *Skinheads* draws back the curtain to reveal a world that more often is simply a haven for those disaffected from society rather than a subculture of hatred or violence *Skinhead History, Identity, and Culture* Kevin Borgeson, Robin Valeri, 2017-11-08 *Skinheads* go beyond the societal stereotype of hate mongers bigots and Neo Nazis The community of skins also includes traditional skins those that adhere to the original philosophy of the British movement in 1969 *Skinheads Against Racial prejudice SHARPS* and gay skins female skins and Neo Nazi or Racist Nationalist skins *Skinhead History Identity and Culture* covers the history identity and culture of the skinhead movement in Europe and America looking at the total culture of the skins through a cross sectional analysis of skinheads in various countries Authors Borgeson and Valeri provide original research data to cast new light into the skinhead community Some of the data is ethnographic drawing on face to face interviews with skins of all kinds while other data is compiled from the Internet and social media about various skinhead groups within the United States Europe and Australia The book covers the history of the subculture explores the unique cultures of female gay and Neo Nazi skins and explores manifestations of the culture as represented on the Internet and in music The work discusses how skinheads derive their values and morals and how they fit into the larger social structure *Skinhead Nation* George Marshall, 1996 ***American Skinheads*** Mark S. Hamm, 1994-06-30 *American Skinheads* is the first criminological analysis of organized hate crime violence Mark Hamm presents historical specificity for a modern theory of hate crime then rigorously tests the theory with interview data derived from skinheads who have committed an array of violent acts against persons because of their race religion or sexual preference people who are members of the classic outgroups of American society Part One traces the roots of the Skinhead Nation through the Beats Mods Hippies and Punks in London and then examines the rise of the Neo Nazi Skinheads in the United States including a look at Neo Nazi offshoots Romantic Violence The Aryan Youth Movement recruiters Tom Metzger and recruitment tools W A R Magazine and Hotline electronic mail Race and Reason and appearances on the Oprah Winfrey and Geraldo Rivera shows In Part Two Hamm discusses the accepted sociological perspectives on terrorist youth subcultures not gangs then presents findings of his own study of 36 skinheads including social and economic characteristics psychological profiles the role of skinhead girls use of drugs and weapons

satanism and neo fascism Part Three assesses the future for American Neo Nazism and recommends steps for preventing skinhead terrorism

The White Nationalist Skinhead Movement Robert Forbes, Eddie Stampton, 2015-11-09 When Feral House first published the award winning Lords of Chaos The Bloody Rise of the Satanic Metal Underground little was known about the black metal genre of music or how many of its members were involved in the murder of citizens the torching of churches or its link to Fascist ideas We've all heard about the racist form of skinhead punk music but little do we know of the groups involved and how they got involved in right wing political movements The White Nationalist Skinhead Movement is the first book to provide much more than mere photographs of the scene documenting the bands their members the releases shows and infamous events Robert Forbes and Eddie Stampton can authoritatively speak of the movement obtaining first hand material from members of the scene This book covers both British and American bands and even if you revile the movement its ideas and its music this is an important piece of pop culture history Feral House's controversial Lords of Chaos has sold over one hundred thousand copies

In the Name of the Nation M. Laruelle, 2009-10-26 This book deconstructs the equation of nationalism with the extreme right in Russia Nationalism now extends throughout all of the country and can not be seen as a phenomenon confined to the margins of society This study rejects the interpretation that understands Kremlin backed patriotism as simply part of a fascist trend in Russia and as a rapprochement between the political authorities and the extreme right A simplistic analysis of such a paradoxical phenomenon addresses neither the basic issue of social consensus nor that of the inherent relationship between national identity and citizenship

Russia's Skinheads Hilary Pilkington, Al'bina Garifzianova, Elena Omel'chenko, 2010-05-11 Russia's Skinheads Exploring and Rethinking Subcultural Lives provides a thorough examination of the phenomenon of skinheads explaining its nature and its significance and assessing how far Russian skinhead subculture is the lumpen end of the extreme nationalist ideological spectrum There are large numbers of skinheads in Russia responsible for a significant number of xenophobic attacks including 97 deaths in 2008 alone making this book relevant to Russian specialists as well as to sociologists of youth subculture It provides a practical example of how to investigate youth subculture in depth over an extended period in this case through empirical research following a specific group over six years and goes on to argue that Russian skinhead subculture is not a direct import from the West and that youth cultural practices should not be reduced to expressions of consumer choice It presents an understanding of the Russian skinhead as a product of individuals whole and evolving lives and thereby compels sociologists to rethink how they conceive the nature of subcultures

Fashion, Desire and Anxiety Rebecca Arnold, 2001 Rebecca Arnold presents a fast paced yet comprehensive study that provides surprise connections between fashion and the wide culture on every page

American Swastika Pete Simi, Robert Futrell, 2010-01-16 American Swastika takes readers through hidden enclaves of hate in America exploring how White Supremacy movements thrive nationwide even in a nation that preaches equality and tolerance and looks toward how we can work to prevent future violence Drawing on over a decade

of research and interviews the authors explain the difference between various hate groups then show readers how White Supremacy groups cultivate their membership and ideals through Aryan homes parties rituals music festivals and online Powerful case studies first person accounts and interview excerpts illustrate the authors points throughout the book

Homegrown Violent Extremism Erroll Southers, 2014-09-25 In the country's changing threat environment homegrown violent extremism HVE represents the next challenge in counterterrorism Security and public policy expert Erroll Southers examines post 9 11 HVE what it is the conditions enabling its existence and the community based approaches that can reduce the risk of homegrown terrorism Drawing on scholarly insight and more than three decades on the front lines of America's security efforts Southers challenges the misplaced counterterrorism focus on foreign individuals and communities As Southers shows there is no true profile of a terrorist The book challenges how Americans think about terrorism recruitment and the homegrown threat It contains essential information for communities security practitioners and policymakers on how violent extremists exploit vulnerabilities in their communities and offers approaches to put security theory into practice
