combat was in the air This moving book uses letters and diaries to evoke the terrible cost of such warfare Sleepless nights separated lovers and grieving parents are recalled with painful immediacy in this meticulously researched tribute to those who died or were lucky enough to survive DAILY MAIL The empty chairs belonged all too briefly to the doomed young First World War airmen who failed to return from the terrifying daily aerial combats above the trenches of the Western Front The edict of their commander in chief was the missing aviators were to be immediately replaced Before the new faces could arrive the departed men s vacant seats at the squadron dinner table were sometimes poignantly occupied by their caps and boots placed there in a sad ritual by their surviving colleagues as they drank to their memory Life for most of the pilots of the Royal Flying Corps was appallingly short If they graduated alive and unmaimed from the flying training that killed more than half of them before they reached the front line only a few would for very long survive the daily battles they fought over the ravaged moonscape of no man s land Their average life expectancy at the height of the war was measured only in weeks Parachutes that began to save their German enemies were denied them Fear of incarceration and the daily spectacle of watching close colleagues die in burning aircraft took a devastating toll on the nerves of the world s first fighter pilots Many became mentally ill As they waited for death or with luck the survivable wound that would send them back to Blighty they poured their emotions into their diaries and streams of letters to their loved ones at home Drawing on these remarkable testimonies and pilots memoirs Ian Mackersey has brilliantly reconstructed the First Great Air War through the lives of its participants As they waited to die the men shared their loneliness their fears triumphs and squadron gossip with the families who lived in daily dread of the knock on the door that would bring the War Office telegram in its fateful green envelope
