Skywriting By Word Of Mouth Uk:

Skywriting by Word of Mouth John Lennon, 1987-10-09 John Lennon wrote Skywriting by Word of Mouth an impressive collection of writings and drawings during Yoko Ono's pregnancy with Sean and always planned to have it published. The book's publication was a wish that seemed to end with Lennon's assassination in 1980 and the theft of the manuscript from the Lennons home in 1982. When it was recovered and first published in 1986 Skywriting received immediate critical and popular acclaim. Filled with Lennon's extraordinary creative powers and lavishly illustrated with his own drawings, the collection reveals his fertile creative spirit up close and in full force. Included in Skywriting are Two Virgins written when the public learned that John and Yoko were living together as husband and wife and John's only autobiography The Ballad of John and Yoko. In addition, there are notes on his falling in love with Yoko, the breakup of the Beatles, his persecution by U.S. authorities, and his withdrawal from public life. This is a book with John Lennon's spirit on every page, a spirit the world needs to remember.

The Beatles, *The Spiritual Meaning of the Sixties* Tobias Churton, 2018-11-27 Unveils the spiritual meaning that fueled the artistic, political, and social revolutions of the 1960s. Investigates the spiritual principles that informed everything from the civil rights and anti-war movements to the hippies' rejection of materialist culture to the rise of feminism, gay rights, and environmentalism. Reveals how medieval troubadours, Gnosticism, Renaissance hermetic magic, and the occult doctrines of Aleister Crowley helped shape the psychedelic Sixties. Offers in-depth analysis of many of the era's most famous books, films, and music. No decade in modern history has generated more controversy and divisiveness than the tumultuous 1960s. For some, the 60s were an era of free love, drugs, and social revolution. For others, the Sixties were an ungodly rejection of all that was good and holy. Embarking on a profound search for the spiritual meaning behind the massive social upheavals of the 1960s, Tobias Churton turns a kaleidoscopic lens on religious and esoteric history, industry, science, philosophy, art, and social revolution to identify the meaning behind all these diverse movements. Engaging with views of mainstream historians, some of whom write off this pivotal decade as heralding an overall decline in moral values and respect for tradition, Churton examines the intricate network of spiritual forces at play in the era. He reveals spiritual principles that united the free love movement, the civil rights and anti-war movements, the hippies' rejection of materialist culture, and the eventual rise of feminism, gay rights, and environmentalism. He traces influences from medieval troubadours, Gnosticism, Hindu philosophy, Renaissance hermetic magic, and the occult doctrines of Aleister Crowley. He also examines the psychedelic revolution, the genesis of popular interest in UFOs, and the psychological consequences of the Bomb and the assassinations of the Kennedys and Martin Luther King. In addition, Churton investigates the huge shifts in consciousness reflected in the movies, music, art, and literature of the era, from Frank Sinatra to the Beatles, from I Love Lucy to Star Trek, from John Wayne to Midnight Cowboy, much of which still resonates with the youth of today. Taking the reader on a long, strange trip from crew cuts and Bermuda shorts to Hair and Woodstock, from liquor to psychedelics, from uncool to cool, and from matter to Soul, Churton

shows how the spiritual values of the Sixties are now reemerging with an astonishing influx of spiritual light to once again awaken us

Popular Music Autobiography Oliver Lovesey, 2021-12-02 The 1960s saw the nexus of the revolution in popular music by a post war generation amid demographic upheavals and seismic shifts in technology Over the past two decades musicians associated with this period have produced a large amount of important autobiographical writing This book situates these works in the forms of formal autobiographies and memoirs auto fiction songs and self fashioned museum exhibitions within the context of the recent expansion of interest in autobiography disability and celebrity studies It argues that these writings express anxiety over musical originality and authenticity and seeks to dispel their writers celebrity status and particularly the association with a lack of seriousness These works often constitute a meditation on the nature of
