Race and Popular Fantasy Literature Helen Young, 2015-08-11 This book illuminates the racialized nature of twenty-first-century Western popular culture by exploring how discourses of race circulate in the Fantasy genre. It examines not only major texts in the genre but also the impact of franchises, industry, editorial, and authorial practices, and fan engagements on race and representation. Approaching Fantasy as a significant element of popular culture, it visits the struggles over race, racism, and white privilege that are enacted within creative works.

across media and the communities which revolve around them While scholars of Science Fiction have explored the genre's racialized constructs of possible futures this book is the first examination of Fantasy to take up the topic of race in depth The book's interdisciplinary approach drawing on Literary Cultural Fan and Whiteness Studies offers a cultural history of the anxieties which haunt Western popular culture in a century eager to declare itself post race The beginnings of the Fantasy genre's habits of whiteness in the twentieth century are examined with an exploration of the continuing impact of older problematic works through franchising adaptation and imitation Young also discusses the major twenty first century sub genres which both re use and subvert Fantasy conventions The final chapter explores debates and anti racist praxis in authorial and fan communities With its multi pronged approach and innovative methodology this book is an important and original contribution to studies of race Fantasy and twenty first century popular culture

Writing Out of Place Judith Fetterley, Marjorie Pryse, 2003 In a series of sketches regionalist writers such as Alice Cary Mary E Wilkins Freeman Sarah Orne Jewett Grace King Alice Dunbar Nelson Sui Sin Far and Mary Austin critique the approach to regional subjects characteristic of local color and present narrators who serve as cultural interpreters for persons often considered out of place by urban readers In their approach to these writers Fetterley and Pryse offer contemporary readers an alternative vantage point from which to consider questions of regions and regionalism in the global economy of our own time Jacket

 eBook as a Parts Edition of individual eBooks Washington Irving's Critique of American Culture J. Woodrow
 McCree, 2021-06-24 Washington Irving s Critique of American Culture Sketching a Vision of World Citizenship challenges
 long standing views of Washington Irving He has been portrayed as writing in the 18th century style of Addison and
 Goldsmith without having much substance of his own Irving has also been accused of being insufficiently American and adrift
 in an identity crisis The author argues that Irving addressed the American cultural context very extensively he was a writer of
 substance who articulated an ethic of world citizenship that was found in the philosophy of ancient Greek cynics and stoics
 This ethic was united with a love of picturesque travel which emphasized variety and texture in experience resulting in an
 extraordinary affirmation of the value of cultural diversity in the new Republic Irving was in fact a liminal figure straddling
 Romantic and neoclassical modes of writing and acting The author draws attention to Irving s success as a writer in the
 pictorial mode Irving also expressed a critique of cultural loss and environmental destruction like that articulated by the
 artist Thomas Cole The work embraces an interdisciplinary approach where insights from philosophy religion art history and
 social history shed light on an underestimated writer **The General Baptist repository, and Missionary observer**

magazine ,1870 **Silence and Articulacy in the Poetry of Medbh McGuckian** Maureen E. Ruprecht
 Fadem, 2019-12-03 Silence and Articulacy in the Poetry of Medbh McGuckian is an innovative contribution to the scholarship
 on Belfast poet Medbh McGuckian This book considers the entire oeuvre of this globally respected Irish woman writer a
 member of the contemporary avant garde with now fifteen U S published volumes and numerous individual publications The
 author positions McGuckian s oeuvre as political and historical poetry and offers a provocative new assessment of its crafted
 silences This work argues that it is the muted character of McGuckian s poems a consequence of a defamiliarized language
 the overwhelming sway of the image and a profusion of intertextual quoting that constitutes their agency and force The
 silences are read as a response to the precarious positionality of poet and speaker at the site of disaster and the limits of
 articulacy In line with Rukeyser s notion of the life of poetry the life of McGuckian s silences is located Fadem argues in the
 poems production as revealed self reflexively and in their prolonged consumption This oeuvre operates as a formidable
 counter discourse by converting poetry s reception into a much protracted task that redistributes the temporal economy of
 poem and reader and disrupts the given structures of time place and the order of things **The hat crusade, by S. Fox**

and E. Pickard (and E. Tregelles). Samuel Fox, 1897
