Jeff Lucas, 2012-05-08 Helen Sloane is in for one interesting year Written as a series of journal entries *Heaven Help Helen* Sloane is refreshingly honest poignant and often hilarious documenting in Helen s own words the daily struggles a young Christian woman must face Helen s new job as a social worker keeps her busy all day in a whirlwind of case notes and court papers and at home she s a house group leader for Frenton on Sea s New Wave Christian Fellowship She loves her church but she struggles with faith and doubt exposed to the religious extremes of both hyper spiritual friends and her New Age mom And with her busy schedule Helen also struggles to make time for love Still she finds two men in her life a handsome worship leader who might not be as godly as he seems and a former Christian turned Bohemian bad boy Can she keep her faith strong in the midst of a chaotic life Jeff Lucas answers this question through the joy tragedy love and heartbreak revealed in the pages of Helen Sloane s journal **Christian Ethics and Biomedical Innovation** Stephen

Goundrey-Smith, 2024-11-05 In *Christian Ethics and Biomedical Innovation* Stephen Goundrey Smith outlines a strategy for future adoption of human enhancement technologies which will ensure that such technologies are a common good a strategy which is appropriate for a pluralistic society yet consistent with Christian ethical principles Drawing on the history of biomedical innovation to date in pharmaceutical medicine he argues that technological capability alone is not enough and that the responsible adoption of enhancement technologies will require active ethical deliberation and robust public policy discourse Goundrey Smith argues that biomedical technology ethics and public policy together form an essential triad for appropriate future enhancement technology adoption This approach helps to ensure that biomedical technologies introduced will be common goods and to reduce the risk of their instrumental use The use of any technology is closely linked to its sociopolitical and cultural context and drawing on Augustine s *The City of God* Goundrey Smith presents a theological vision for good biomedical technology innovation in human society *Spectacular Things: Reese's Book Club* Beck
