Snake Bite Sonnet:

Snakebite Sonnet Max Phillips, 1996 Nick Wertheim first meets Julia when he s aged ten and she s 19 Already half in love with her he saves her from a snake Julia is a wild card an alcoholic erratic and beautiful Their story spans 20 years as they fall in and out of love **Snakes** John Netherton, Voyageur Naturally is your one stop resource for books about nature and country sports We have one of the largest selections available for both adult and young adult and readers Zoos and aquariums natural history museums gift shops sporting book retailers and other booksellers all appreciate the depth and quality of our series and our commitment to providing up to date information from leading naturalists and scientists

Shakespeare's Plants and Gardens: A Dictionary Vivian Thomas, Nicki Faircloth, 2014-02-27 Shakespeare lived when knowledge of plants and their uses was a given but also at a time of unique interest in plants and gardens His lifetime saw the beginning of scientific interest in plants the first large scale plant introductions from outside the country since Roman times and the beginning of gardening as a leisure activity Shakespeare s works show that he engaged with this new world to illuminate so many facets of his plays and poems This dictionary offers a complete companion to Shakespeare s references to landscape plants and gardens including both formal and rural settings It covers plants and flowers gardening terms and the activities that Shakespeare included within both cultivated and uncultivated landscapes as well as encompassing garden imagery in relation to politics the state and personal lives Each alphabetical entry offers an definition and overview of the term discussed in its historical context followed by a guided tour of its use in Shakespeare s works and finally an extensive bibliography including primary and secondary sources books and articles Lives of the Sonnet, 1787-1895 Marianne Van Remoortel, 2011 Tracing the development of the sonnet during intense moments of change and stability continuity and conflict from the early Romantic period to the end of the nineteenth century Marianne Van Remoortel pays particular attention to the role of the popular press As she highlights the intricately related issues of genre and gender Van Remoortel offers readers innovative readings of sonnet sequences by Elizabeth Barrett Browning George Meredith Dante Gabriel Rossetti and Augusta Webster **Sonnets to the Fairest Coelia and Three Letters** , 2023-05-02 The only actual collection of sonnets written by William Shakespeare Percy Discover a collection of extraordinary sonnets that have been nearly invisible to scholars and students alike because they were misunderstood or deliberately suppressed by censors of the canon As the introduction explains one of its only preceding reprints was an 1818 edition that was prefaced by its editor as a poetic failure that was a typical example of the court style A close analysis of Coelia s poetic structure and linguistics proves this collection to be one of the best examples of metered and rhymed verse from the Renaissance The real reason for the cold critical reception that has ostracized Coelia becomes apparent in the synopsis of the content of the unified narrative these sonnets relate Coelia is a plea addressed to Elizabeth I for ending the Buggery Act that sentenced homosexuals to death Sonnet XI refers to a suicidal sacrifice and Percy was indeed risking his life when he put his own name in the byline of this

poetic appeal Because he was writing under his own name Percy subverts some of this homosexual subject matter by instead referring to ugly or masculine features behind a feminine or cross dressing mask in Sonnet XIII Each sonnet explores a new philosophical dilemma with beautiful descriptions complex mythological allusions and tragically romantic appeals for love and sympathy Percy was the dominant ghostwriter of most of the Shakespeare bylined tragedies but he only wrote a few pieces out of the Shakespeare bylined multi ghostwriter collection called Sonnets 1609 thus readers have not really read a full collection of sonnets by Shakespeare the Tragedian until they explore Coelia Historians have long recognized that the revered Hippocratic Corpus is an accretion of the writings of many ghost writers and imitators The analysis of a similar process of accretion in the instance of the British Renaissance Corpus has brought to the fore contributors and ghostwriters here to fore largely unknown Such is the case with William Percy obscure poet of the 17th century At first glance the notion that careful analysis of this phenomenon may be assisted by artificial intelligence seems contrary to humanistic literary values But Anna Faktorovich has been a full and sensitive participant in the process and the result is not only her computational linguistics re attribution but also a sensitive accessible rendition of William Percy s twenty Sonnets to Coelia The poems are contextualized by exordia from multiple historical authors and perspicaciously by Anna Faktorovich herself Such contextual writings illuminate the central purpose of Percy s poetizing the Sonnets to Coelia are an apologia for alternative forms of human love more specifically an apologia for homosexual love It is therefore of considerable modern interest as an important milestone or millstone in the historical record of laws governing human sexuality Sonnets to Coelia is a plea to Elizabeth I to reverse the Buggery Act of 1533 which she instead reinstated The poems themselves exemplify the period They conform to the sonnet form with considerable consistency What makes them seem most archaic to the modern ear is their rhyme Commitment to rhyme over rides all other considerations it over rides rhythm it over rides accessibility and often renders locutions awkward Still a careful reading aided by the abundance of footnotes is rewarded by considerable amusement and insight Perhaps the greatest reward is received if the beholder s share that which the reader brings to the poem is the presupposition that Coelia is a rubric signifying all the manifold and various forms of human love Consider for example Sonnet 16 where a grain of cruelty seems to be welcomed Then if I swear thy love does make me languish Thou turn away and smile scornfully And if I weep my tears thou despise In summary William Percy s Sonnets to Coelia are a fascinating read and receive my highest recommendation Midwest Book Review Lloyd Jacobs December 2021 Dr Anna Faktorovich s writing is not only erudite but also beautiful and simple Her persuasive and fascinating argument that William Percy was the main tragedian behind the William Shakespeare pseudonym is most convincing in her work Sonnets She projects more credibility than any trial lawyer LibraryThing Valerie Ogden past chairperson of the Mayor s Animal Advisory Committee for the City of Philadelphia and president of the Board of Directors for the Pennsylvania Society for the Prevention of Cruelty to Animals Exordium Text Terms References Questions Exercises Introduction to the 1824 Edition by
