Lopes, 2014-12-17 The imperialist ambitions of China which invaded Tibet in the late 1940s have sparked the spectacular spread of Tibetan Buddhism worldwide and especially in western countries This work is a study on the malleability of a particular Buddhist tradition on its adaptability in new contexts The book analyses the nature of the Tibetan Buddhism in the Diaspora It examines how the re-signification of Tibetan Buddhist practices and organizational structures in the present refers back to the dismantlement of the Tibetan state headed by the Dalai Lama and the fragmentation of Tibetan Buddhist religious organizations in general It includes extensive multi-sited fieldwork conducted in the United States Brazil Europe and Asia and a detailed analysis of contemporary documents relating to the global spread of Tibetan Buddhism The author demonstrates that there is a de-institutionalized and de-territorialized project of political power and religious organization which among several other consequences engenders the gradual autonomization of lamas and lineages inside the religious field of Tibetan Buddhism Thus a spectre of these previous institutions continues to exist outside their original contexts and they are continually activated in ever new settings Using a combination of two different academic traditions namely the Brazilian anthropological tradition and the American Buddhist studies tradition it investigates the process of cultural re-signification of Tibetan Buddhism in the context of its Diaspora Thus it will be a valuable resource to students and scholars of Asian Religion Asian Studies and Buddhism **Buddhist Acts of Compassion** Pamela Bloom, 2000-11 My religion is compassion the Dalai Lama has said Indeed the vow to be of benefit to others lies at the heart

of Buddhist practice This book collects dozens of profound and moving stories of true compassion From the Buddhist monk who offered his body to starving animals to modern Western practitioners who use Buddhist principles for healing and social reform these stories inspire with their depth tenderness humor and occasional outrageousness Included are tales of the crazy wisdom kindness practiced by many masters in the Tibetan and Zen traditions as well as selections from the best loved Buddhist figures of today including Sogyal Rinpoche Sharon Salzberg Thich Nhat Hanh and the Dalai Lama

Buddhist Goddesses of India Miranda Shaw, 2015-08-25 The Indian Buddhist world abounds with goddesses voluptuous tree spirits maternal nurturers potent healers and protectors transcendent wisdom figures cosmic mothers of liberation and dancing female Buddhas Despite their importance in Buddhist thought and practice these female deities have received relatively little scholarly attention and no comprehensive study of the female pantheon has been available Buddhist Goddesses of India is the essential and definitive guide to divinities that as Miranda Shaw writes operate from transcendent planes of bliss and awareness for as long as their presence may benefit living beings Beautifully illustrated the book chronicles the histories legends and artistic portrayals of nineteen goddesses and several related human figures and texts Drawing on a sweeping range of material from devotional poetry and meditation manuals to rituals and artistic images Shaw reveals the character powers and practice traditions of the female divinities Interpretations of intriguing traits such as body color stance hairstyle clothing jewelry hand gestures and handheld objects lend deep insight into the symbolism and roles of each goddess In addition to being a comprehensive reference this book traces the fascinating history of these goddesses as they evolved through the early Mahayana and Tantric movements in India and found a place in the pantheons of Tibet and Nepal Publisher's website

Dakini's Warm Breath Judith Simmer-Brown, 2002-12-10 A fresh interpretation of the dakini a Tibetan Buddhist symbol of the feminine that will appeal to practitioners interested in goddess worship female spirituality and Tantric Buddhism The primary emblem of the feminine in Tibetan Buddhism is the dakini or sky dancer a semi wrathful spirit woman who manifests in visions dreams and meditation experiences Western scholars and interpreters of the dakini influenced by Jungian psychology and feminist goddess theology have shaped a contemporary critique of Tibetan Buddhism in which the dakini is seen as a psychological shadow a feminine savior or an objectified product of patriarchal fantasy According to Judith Simmer Brown who writes from the point of view of an experienced practitioner of Tibetan Buddhism such interpretations are inadequate In the spiritual journey of the meditator Simmer Brown demonstrates the dakini symbolizes levels of personal realization the sacredness of the body both female and male the profound meeting point of body and mind in meditation the visionary realm of ritual practice and the empty spacious qualities of mind itself When the meditator encounters the dakini living spiritual experience is activated in a nonconceptual manner by her direct gaze her radiant body and her compassionate revelation of reality Grounded in the author's personal encounter with the dakini this unique study will appeal to both male and female spiritual seekers interested in goddess worship women's spirituality and

Jamyang Khyentse Wangpo and Chokgyur Lingpa set about collecting teaching and transmitting the major practice traditions found in Tibet. Their activity, much of which did not adhere to the traditional divides of the Tibetan schools and included both tantric lineages coming from India as well as Tibetan treasure (terma) lineages, is one of the finest examples of Tibetan ecumenism. Rimay and Jamgon Kongtrul is perhaps the most famous among Tibet's Rimay masters. This is the most accessible work available on Jamgon Kongtrul's life, writings, and influence, written as a truly engaging historical biography. Alexander Gardner provides an intimate glimpse into the life of one of the most important Tibetan Buddhist teachers to have ever lived.
